40

PEOPLE IN
OUR STAFF

“Flying has always been my dream. We humans are bipeds ‘stuck’ on Earth. Taking flight, gives you a great feeling of freedom and allows you to see what surrounds us from another perspective”

Maurizio Cheli - Astronaut

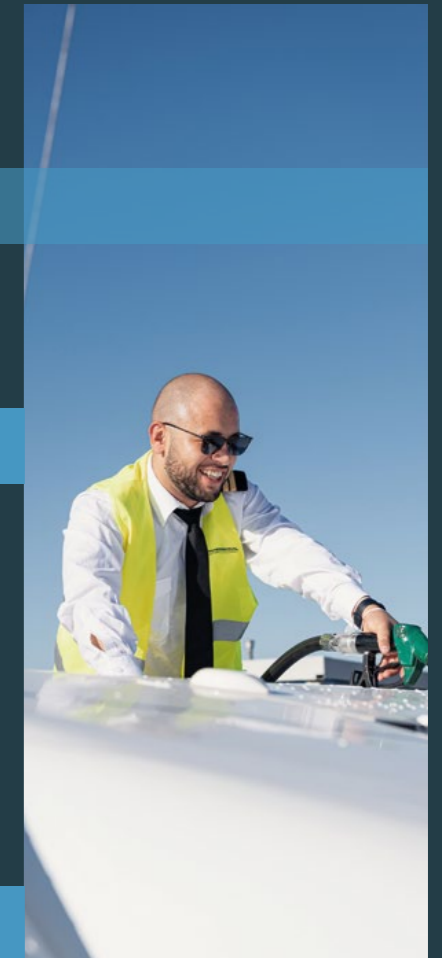

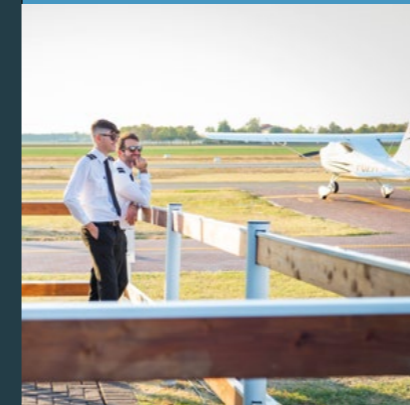

“At that moment I felt I had arrived where I belonged. The air was to me what earth means to other people”

Fabio Consoli - Italian Air Force Test Pilot and currently airline pilot on B777

As soon as I left the ground, I knew I myself had to fly”

Amelia Earhart - The first woman to fly nonstop and solo across the Atlantic Ocean

ATPL FROZEN

AIRLINE TRANSPORT PILOT LICENCE

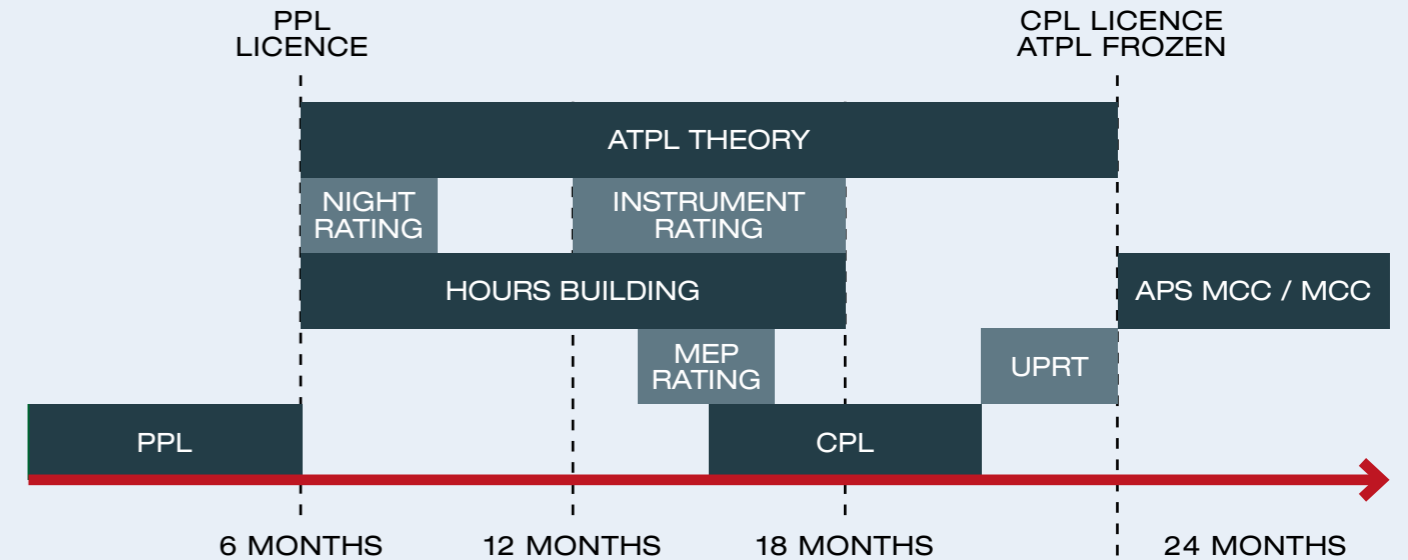

The ATPL Frozen licence is the first step to get into a cockpit and become an airline pilot. Our **path is modular** and aims to provide the student with a complete knowledge of theory, piloting skills and the necessary qualifications to become an airline pilot.

THE MODULES FORESEEN FOR THE ATPL COURSE ARE:

- Private Pilot Licence (PPL)
- ATPL Theory
- Hours Building (HB)
- Night Rating (NR)
- Multi-Engine Piston Rating (MEP)
- Multi-Engine Instrument Rating (IR-ME)
- Commercial Pilot Licence (CPL)
- Upset Prevention and Recovery Training (UPRT)
- Multicrew Cooperation Course (MCC e APS MCC)

HOW LONG DOES IT TAKE TO COMPLETE THE COURSE?

0 TO ATPL FROZEN IN 24 MONTHS

The training program is **structured on an ongoing basis** (we are open 7 days on 7), so that the student is able to **achieve the final goal in 24 months**.

WHY CHOOSE OUR SCHOOL

WE HAVE THE LARGEST AND MODERN FLEET OF AIRCRAFT IN ITALY

- **Internal maintenance:** thanks to a fleet consisting of aircraft of the latest generation and a well structured organization, we guarantee compliance with the times and availability of the aircraft;
- Our workshop is a "Cirrus Aircraft" and "Tecnam" authorized maintenance center, so we can minimize downtime and guarantee maximum safety.

FLIGHT INSTRUCTORS

We have chosen to work with a team of **full-time instructors with an extensive experience and strong background** in aviation and training. Our flight instructors are a highly skilled team who love aviation, take pride in their work, and care about their students.

GEOGRAPHICAL LOCATION

Our school is conveniently located in an airfield and this is a benefits for pilots, because:

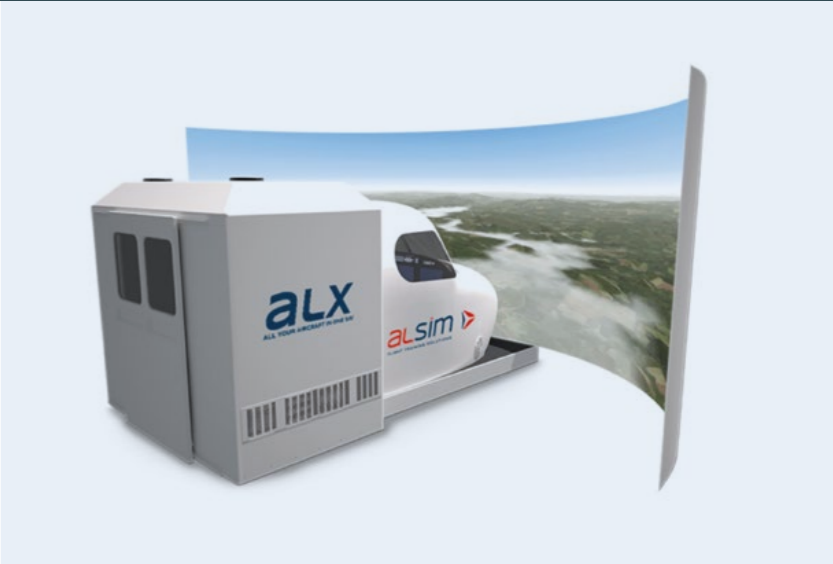

- Thanks to our **location in a dedicated and exclusive site**, the flight activity is not affected by the long waits for both take-off and landing, typical of the busiest airports, optimizing the flight times;
- **Into an airport landing taxes must be paid** for each flight (non-existent in our airfield);
- **Access to our academy is much faster** than those who have to enter an airport and pass the controls;
- **We are centrally located** between multiple controlled airports, so we can train our students in air traffic and ground traffic.

FLIGHT SIMULATOR

The use of the **flight simulator** has become the **standard in professional training to complement** the practical learning carried out on the aircraft. **We have chosen the most modern and complete Alsim ALX.**

NOT ONLY TECHNICAL KNOWLEDGE...

Professional Aviation has been one of the first schools in Italy to achieve the **ENAC AREA 100 KSA** (Knowledge, Skills and Attitudes) **certification**, which **aims to develop the knowledge, skills and attitudes of pilots from the first day of class.**

WHAT WILL
YOUR LIFE
BE LIKE
IN THE NEXT
TWO YEARS?

FEEL AT HOME

IN OUR ACADEMY YOU'LL BE SURROUNDED BY A HOMELY AND FRIENDLY ATMOSPHERE

An **inspiring place**, where people like to be and feel truly comfortable. You will be part of a family who share your passion for aviation and will make you feel at home from the very first moment.

PLENTY OF SUPPORT

Since your first contact, you will be advised and helped on any information you may need. You will be mentored by **competent, experienced trainers** who will keep you up with trainee programs and exams.

AVIATION COMMUNITY

There are moments in the life of a pilot student that last forever, like the first solo flight or the first licence. There's nothing like sharing these joyful moments with your classmates or roommates who are experiencing the same emotions as you.

INSPIRED BY LEARNING

A goal-oriented campus to train tomorrow's pilots. Inside our school you'll find **spacious and modern classrooms**, equipped with **interactive whiteboard, pc, air conditioning as well as free Internet Wi-Fi access**. Briefing rooms, weather information room and the pilot lounge are also at your disposal: our workspace is designed to create a **perfect balance between heads-down work and collaboration** to improve the performance and general well being of the students.

CAMPUS ALL-INCLUSIVE PACK

From student involvement opportunities to residential life, we're here to help you learning to fly, deepen your skills and enjoying time. Our Campus All-Inclusive Pack has been designed to **make the life of the non-resident student more simple**, with the aim of being one with the Academy and classmates.

The Campus All-Inclusive Pack offers:

- Accomodation (taxes and fees included);
- Catering service;
- Shuttle service on request.

The student can choose one or more services to suit its needs.

ACCOMODATION

Our lodging options are specially shared with other pilot students to increase cooperation and team working. All our **apartments are well equipped**, comfortably furnished, conveniently located and ready for you to move into immediately.

They are furthermore fitted with kitchen, refrigerator, kitchenware, bathroom (with shower and toilet), heating, common areas for relaxing and socialising, air-conditioning, washing machine and TV.

A **weekly cleaning service** is guaranteed for common areas.

SHORT TERM ACCOMMODATION

The camp accommodation is ideal for those who need a place to stay for short periods (from 1 night up to 1 month). This shared solution (three beds) is located inside the airfield and is equipped with a kitchen and tableware, fridge, bathroom with shower, bidet and a large veranda.

The student can book a bed up to the day before (subject to availability).

CATERING SERVICE

If Italy is the best nation to eat in the World, Bologna is certainly the first city. Our Campus All-Inclusive Pack consists of **2 meals a day** served on Campus, for **7 days a week**. Meals are served in hermetically sealed containers and kept warm, to be consumed depending on the study and flight slots of the single student. The service is carried out respecting the culture and religion of the students, as well as any allergies or intolerances.

SHUTTLE SERVICE

The service offers students easy and safe transport to and from the Academy and the accommodation: a private shuttle with a driver to optimize your time.

HOW TO APPLY TO OUR ATPL COURSE?

1. Get in touch with us writing to: info@professionalaviation.it
2. Obtain the Visa (only for Non-EU students)
3. Acquire the Class 1 Medical Certificate (EASA)
4. Choose the course start date
5. Make the deposit to book the place
6. Arrange your staying
7. Start training

OPEN DAY

Come and visit our Academy
or ask for the next virtual Open Day by writing to:
info@professionalaviation.it

The flight school PROFESSIONAL AVIATION is located inside of the Aviosuperficie "FlyOzzano" which is situated in Ozzano dell'Emilia (Bologna), via Sabbionara, 5

BY PLANE

Coordinates: N 44° 28.5' E011° 32.5'
Runway orientation: 03/21 on asphalt runway
Ozzano Radio: 128,45

BY CAR

Via Sabbionara, 5 - Ozzano dell'Emilia - Bologna
From Bologna, exit the ringroad (tangenziale) at San Lazzaro and continue along the Complanare; after passing Ponte Rizzoli turn left into via Sabbionara.
