SHOWER

SOLID SHOWER FOAM 70 g.

The solid shower gel with yogurt fragrance is suitable for all skin types for frequent washing.

How to use: Rub the shower gel on the body until a soft foam forms and then rinse. Store dry after use, placing the product on a draining surface.

To transport it, simply place it in a recycled metal box, a jar, or a container, securing it with an elastic band or cotton cloth string (which also allows the product to dry better). Alternatively, if you don't have any of this available, you can purchase the aluminum shampoo container for the first time. At the end it is sufficient to buy the shampoo again without generating new waste.

Net weight 70 g

INGREDIENTS: Sodium cocoyl isethionate, Hydrogenated vegetable oil, Aqua, Polyglyceryl-4 laurate, Glycerin, Kaolin, Parfum, Zea mays starch, Caprylic/capric triglyceride, Carbon, Calendula officinalis flower extract, Tetrasodium glutamate diacetate, Tocopherol.

SOLID AFTER SUN

AFTER SUN SOLID 100 g.

With the arrival of the summer season it is essential to properly protect the skin, but it is even more important to ensure that the skin is not stressed at the end of the day. This is why we must also give the right importance to an after-sun cream that will allow you to have a better and long-lasting tan, as well as well-hydrated skin. Spending many hours in the sun can lead to premature aging of the skin, so after-sun cream can be excellent for ensuring that the skin maintains its normal elasticity.

How to use: Rub the stick on previously moistened skin or pass it between damp hands and then distribute the product. For external use only. Net weight 100 g

Ingredients: Prunus amygdalus dulcis oil, Caprylic/capric triglyceride, Cetyl alcohol, Behentrimonium methosulfate, Vitis vinifera seed oil, Parfum, Butyrospermum parkii butter, Tocopherol, Terpeneol

BAR SAVER SOLID REST IN LUFFA

The pressed loofah plant disk swells upon contact with water and can be used to place solid cosmetics, even in the shower.

The use of a solid support disk allows you to double the life of the solid cosmetic as it keeps it drained and dry. It can be used on top of the soap dish or next to the sink to directly place solid make-up remover or solid creams.

The same disk can also perform another function: once wet it softens and can be used for both face scrub and body scrub
