

THERINE®

SKIN CARE COSMETICS

OUR MISSION

The idea of Therine Skin Care Cosmetics was born from years of experience in applied research focused on complex biological systems.

The mechanisms of interaction between an active ingredient and the receptor site are the key to modern pharmacology, completely similar to true functional cosmetics.

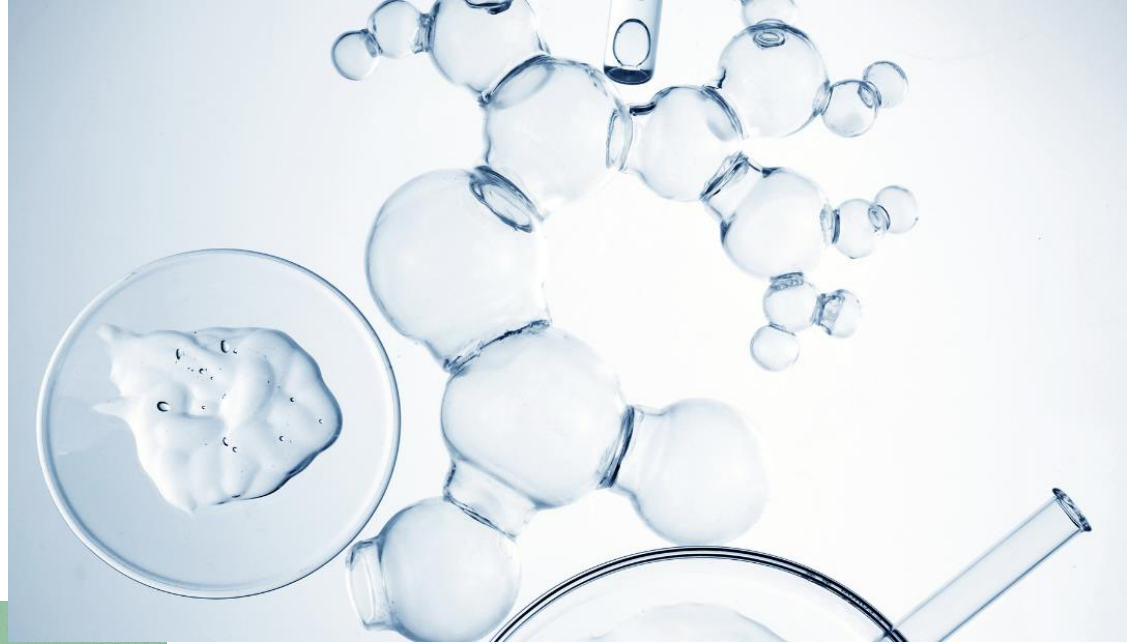

Our challenge is to preserve the purity of the precious natural material by making it bio-available for effective, intense and evocative skin care.

Dr. Paolo Piazzetta

Chemist – Founder Therine

THERINE NATURE AND SCIENCE

The formulation of each Therine cosmetic product is the result of specific studies, a close combination between naturalness and functional-sensory performance.

STUDY AND RESEARCH THE PATENTS

Valuing the pure, unprocessed natural ingredient, used in high concentration to define a new application and usage paradigm, always certifying functionality with verifiable scientific evidence. The green, sensory, and holistic cosmetic becomes a concrete solution for resolving skin imperfections. We patent innovative solutions to take care of your skin.

RITUALITY N°1

BODY CANDLE

ACTION

EMOTIONAL – EVOCATIVE – NOURISHING – EMOLLIENT

The magic of an emotional ritual that involves the senses and the spirit, THERINE "Rituality" offers moments of pure wellness.

At home as well as in a SPA, it can be applied across the body like a nutritious ointment for relaxing massages or as body oil. Your intimate candlelight ritual, let yourself get involved by evocative aromas, relaxes your skin with the velvety touch of precious melted oils.

Sapiently formulated with **Argan** and **Olive oil**, THERINE "Rituality N° 1" has a low melting point to make the contact with the skin an exceptional moment of pleasure. The natural wick in pure cotton fiber and linen is absent from fumes and chemical pretreatments.

Light up the candle and wait until the melting point it is reached (about 8-10 minutes).

The low melting point allows the oil to be directly poured onto the body or spreaded with the palm of the hand. Distribute the oil with wide and intense movements. Turn off the flame if the product is completely melted. If it is necessary, shorten the wick before turning it on again. Fluid texture guarantees over 5 full body treatments.
