LAVANDER Essential Oil - IA0016

Lavander essential oil promotes relaxation, stabilizes the mood and helps a good night's sleep. It helps in case of cold, flu, cough or fever. In cosmetics it is excellent for combination skin and dermatitis. It heals and soothes itching. It is recommended for decontracting massages. A few drops in the aroma diffusers purify the air and keep insects away.

10 ml

LEMON Essential Oil - IA0020

Refreshing and stimulating, lemon essential oil promotes concentration and counteracts fatigue. It helps digestion and protects the blood circulation. In cosmetics it is indicated both in the prevention of wrinkles and in the case of combination and oily skin, it also prevents problems with couperose.

10 ml

PEPPERMINT Essential Oil - IA0018

It helps the digestive function and counteracts fatigue and exhaustion. Thanks to its antiseptic and refreshing properties it is a disinfectant of the oral cavity. Massaged locally, it is indicated for headaches and relieves cervical tension, muscle pain and can also help to relieve dental neuralgia.

10 ml

ROSEMARY Essential Oil - IA0021

Rosemary Essential Oil is useful for the digestive function and the well-being of the liver. It is a good tonic for morning tiredness. In cosmetics it is suitable for combination and oily skin. It is ideal for strengthening the hair and fighting seborrhea. It is highly recommended for sports massages, anti-cellulite or to perform a foot bath.

10 ml

TEA TREE Essential Oil - IA0015

It is recommended to protect the respiratory tract and for oral hygiene. It is a good remedy for impure skin, pimples, acne, herpes simplex, dermatitis, dandruff, seborrhea and ingrown hair. Very useful in case of mycosis (skin fungus) and onychomycosis (nail fungus).

It disinfects insect bites and is unpleasant to lice.

10 ml

IMPORTANT: essential oils should always be diluted and never used pure.

KireiKare is a charity initiative that aims to raise funds to be donated to no-profit associations.

Kirei is not just a company: it is a new lifestyle, more natural, more respectful about people, animals and the planet.

Selected associations:

The FILOTESO Association pursues aims of social solidarity. It wants to represent a point of reference for women affected by breast cancer through information, support, events and research.

It was born from the experiences of breast operated women who, animated by a spirit of solidarity, turned into volunteers to help many other women overcome the critical moments of the disease.

www.filoteso.org

The HEART OF AFRICA Onlus Association deals with giving assistance to disadvantaged children and young people in Machakos, Kenya, through distance adoptions and the creation of an orphanage that can host them.

The peculiarity of the association consists in the absence of costs for administrative management and work performance. Many volunteers dedicate their time to carrying out those activities that they generally carry out as private individuals and which they have decided to lend free of charge to the Heart of Africa.

YOU also can become the protagonist with KireiKare and leave your generous contribution (€ 0.50 or € 1.00 and multiples) when you place an order.

Amati di più.
