Our goals for the future

# MITOHOME

Founded by Domenico Marinelli in Altamura, a city rich in history and myths, it is known for its natural heritage of the Murgia and for the architectural beauties of its historic center. Here, in fact, the Apulian upholstered furniture district was born and developed.

Formally known as Marinelli, the company has over 35 years of experience in luxury craftsmanship and produces high quality leather and fabric sofas, thanks to the use of exclusive materials and sophisticated workmanship, which play an important role in the creation of sofas. high quality.

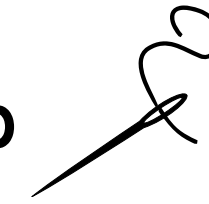

# The MitoHome Mission

Our goal is to express through the models of our collections, all the passion in creating a quality product that always satisfies the wishes of our customers.

An accurate artistic direction, and a constant research in the lines and in the details, allows us to develop a total living for a transversal client, modern and attentive to trends, but with an eye always fixed on Made in Italy.

## High quality craftsmanship

The seams of the leather sofas are sewn by expert operators who, with the help of sophisticated equipment, are able to create a handcrafted product with attention to the smallest details. Customers can customize their sofa, choosing from a variety of yarns, in the same shade or in contrast with the upholstery.

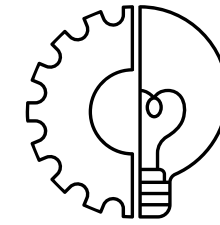

The structures are made using solid wood of various thicknesses. To achieve greater elasticity and comfort, the sofas are equipped with wide straps made of a special elastic material.

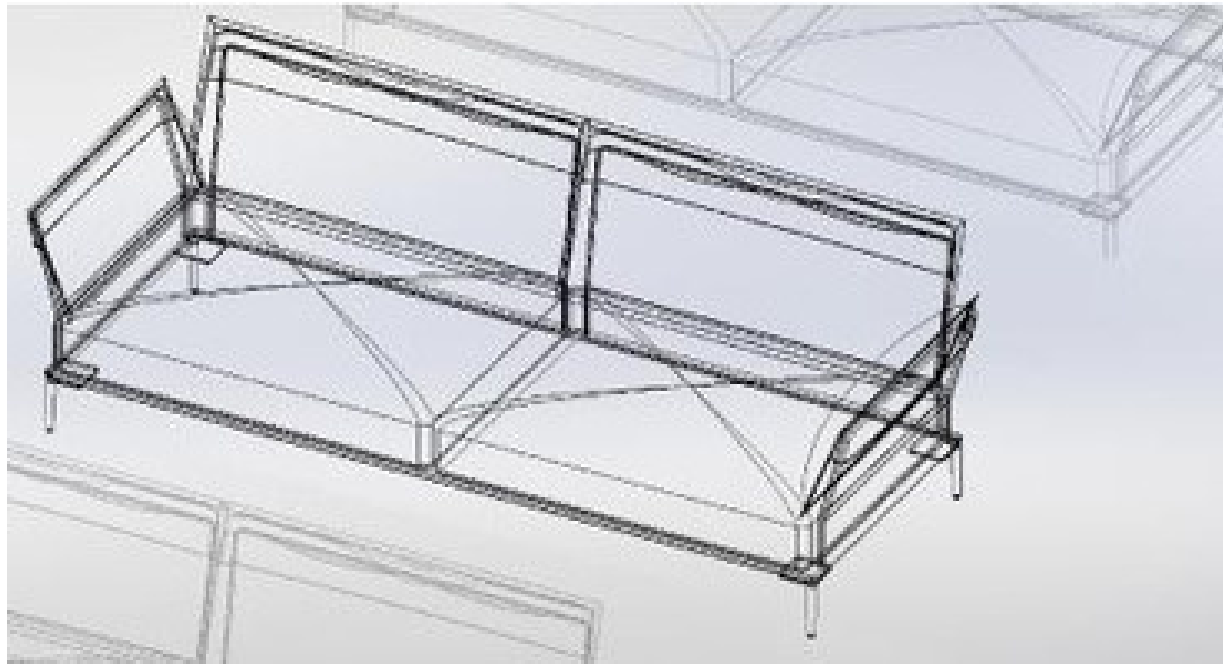

We put professionalism and motivation first, aware that no detail can be overlooked and that every gesture contributes to the final quality of the product. At the end of each production phase, every single piece made is certified.

## Innovation

A constant commitment of MITOHOME is research and development, technological innovation and the continuous search for raw materials, components and innovative mechanical parts, to provide our products with lasting quality. Each product combines great creativity, high quality and attention to detail, with the aim of providing the most qualified retailers in the sector with a unique and updated collection.

Mito Home Study Center

Design and innovation coexist with our tradition of artisans entirely Made in Puglia.  
MitoHome is the evolution of the world of sofas.

# Production

We use the highest quality raw materials to produce cuts or pieces of suitable size for product modeling  
MITOHOME.

All leathers are subjected to a quality control in several stages, which allows to minimize the typical defects of natural products

We use reliable, efficient and highly functional mechanisms. The products are subjected to the most stringent resistance tests, which underline both quality and durability. The companies that collaborate with MITOHOME are all certified and have always been at the forefront in the research and development of new solutions capable of satisfying the current market needs.

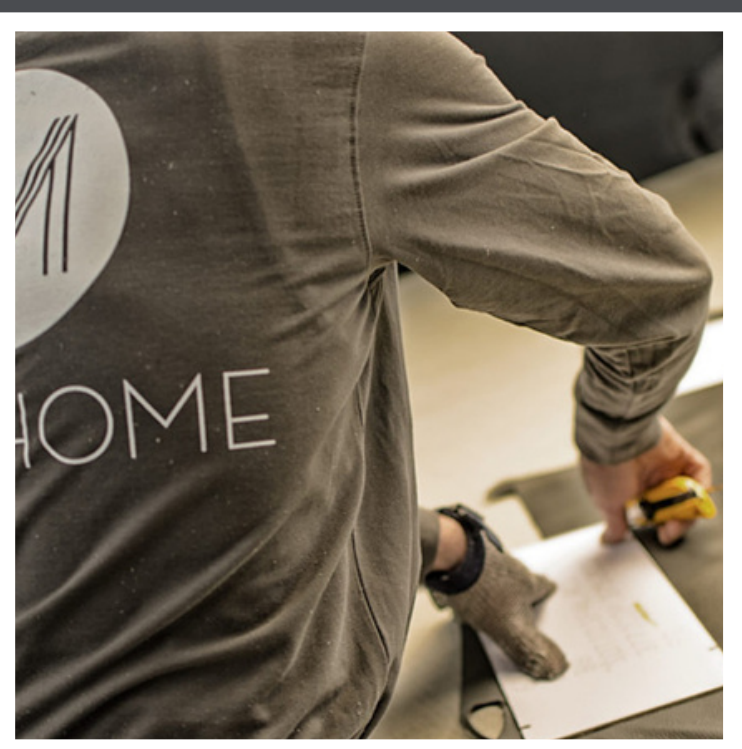

Perfect adhesion to the shapes completes the coating phase. The precision at every stage of the product manufacturing process is a manifestation of the pursuit of constant quality.

# MITOHOME
