## ANTIOXIDANT

The colour of Goji Berries is intense red and contains some carotenoids, proteins, minerals, vitamins E, B1, C and 18 different amino acids, some of them are essential for our body.

# GUARANA

CLAIMS FROM THE ITALIAN MINISTRY OF HEALTH:

**TONIC** (for physical and mental fatigue)

**STIMULATES THE METABOLISM OF LIPIDS**

**CONTRIBUTES TO THE BALANCE OF BODY WEIGHT**

# GANODERMA

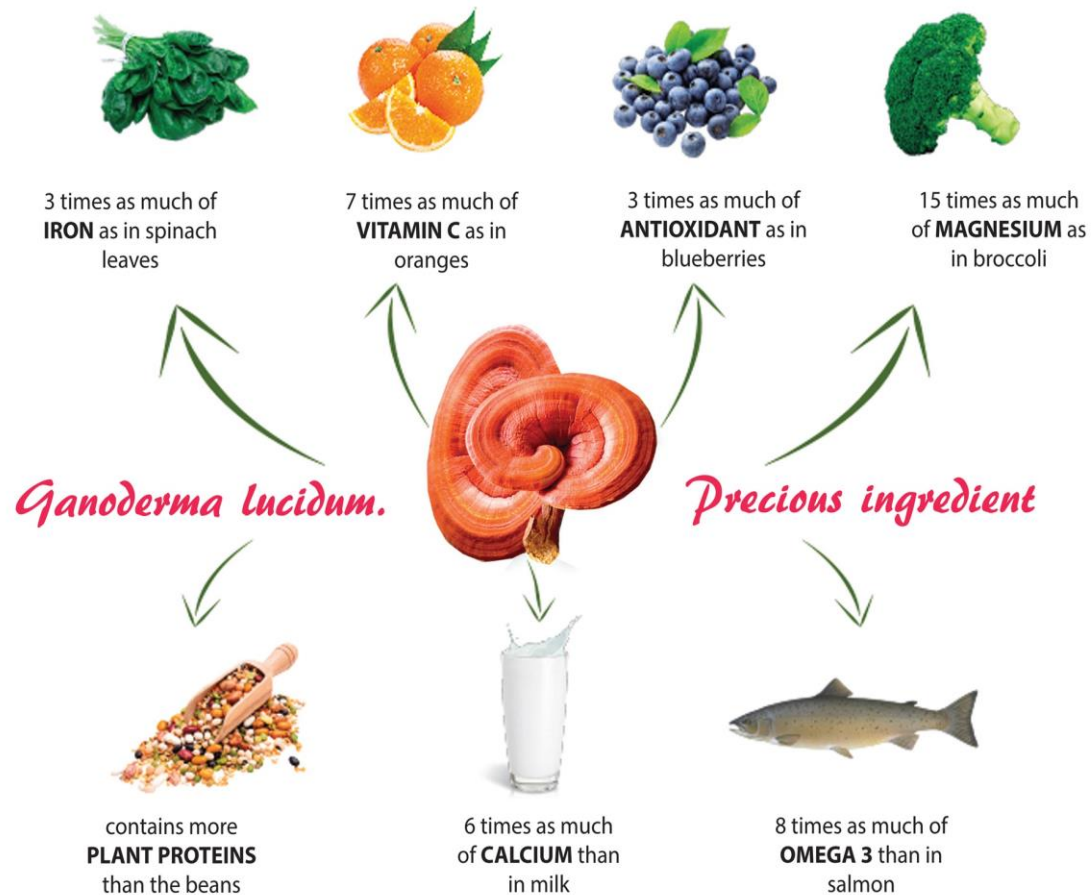

CLAIMS FROM THE ITALIAN MINISTRY OF HEALTH:  
**IMMUNE BOOSTING** (natural defenses of the body)

# GANODERMA

## IMPROVE THE GENERAL WELLNESS

DAILY INTAKE OF GANODERMA EXTRACT ASSURES THE GENERAL MEDICAL CONDITION IMPROVEMENT.

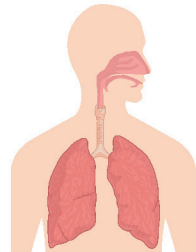

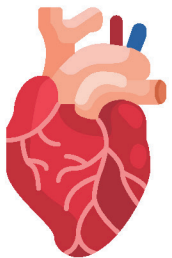

# ELISIRG3: YOUR MULTIFUNCTIONAL NUTRACEUTICAL SUPPLEMENT

- ▶ **ElisirG3 is much more than just a beverage; it is a natural health concentrate designed to optimize your body's functioning. Its key ingredients – red orange juice, goji berries, guarana, and ganoderma – provide a myriad of medical benefits that support various organs and systems in your body.**
- ▶ **Cardiovascular Benefits:** Goji berries are rich in antioxidants that help protect the heart from free radical damage and reduce the risk of cardiovascular diseases. Guarana, with its vasodilating properties, promotes blood circulation, enhancing the health of the cardiovascular system.
- ▶ **Immune Support:** Ganoderma is known for its powerful immunostimulating properties that strengthen the immune system and increase resistance to infections. Thanks to this action, ElisirG3 helps protect the body from diseases and maintains optimal health.

- ▶ **Anti-inflammatory Effects:** The antioxidants in goji berries and guarana help reduce inflammation in the body, improving joint health and lowering the risk of chronic inflammatory diseases.
- ▶ **Digestive Benefits:** The red orange juice in ElisirG3 is rich in fiber and nutrients that support digestive health. The digestive properties of goji berries help improve digestion and reduce abdominal bloating.
- ▶ **Respiratory Benefits:** The antioxidants in goji berries and red orange juice help protect lung cells from free radical damage, improving respiratory function and reducing the risk of lung diseases. Ganoderma has been shown to have positive effects on the respiratory system by reducing inflammation and improving overall lung capacity. Incorporating ElisirG3 into your daily diet can help keep your airways clear and promote deeper, easier breathing.

# THE IDEAL CHOICE FOR FITNESS ENTHUSIASTS

When it comes to working out, the body needs energy, endurance, and quick recovery. ElisirG3 is not just a drink; it's a natural ally designed for those who want to enhance their performance in the gym, outdoors, or during any physical activity. With natural ingredients like goji berries, guarana, ganoderma, and blood oranges, ElisirG3 supports the body naturally, without artificial additives.

## ► **Performance Enhancement**

ElisirG3 boosts energy, improving performance during intense and prolonged workouts, thanks to the energizing effect of guarana.

## ► **Fast Recovery**

The antioxidant properties of goji berries and ganoderma promote fast muscle recovery, combating the free radicals produced during exercise.

## ► **Hydration and Wellness**

Thanks to blood oranges, ElisirG3 provides a natural source of vitamins, ideal for hydration and maintaining overall wellness during and after exertion.

## ► **Immune Support**

The natural ingredients in ElisirG3 help strengthen the immune system, making it perfect for regular fitness practitioners.

# WHY IS ELISIRG3 DIFFERENT FROM OTHER SUPPLEMENTS?

ElisirG3 stands out for its exclusive use of natural ingredients from the heart of Sicily. It's a unique drink that offers a perfect balance between energy and health, ideal for those seeking a healthy alternative to common energy drinks. Designed for athletes, ElisirG3 has been crafted to provide natural support, helping you achieve peak performance without compromising your well-being.

- ▶ **Sustained Energy Boost**  
The combination of guarana and goji berries provides a long-lasting energy release without the "crash" typical of synthetic stimulants.
- ▶ **Enhanced Muscle Endurance**  
ElisirG3 helps improve endurance, perfect for resistance and intensity training, also promoting better blood oxygenation.
- ▶ **Support in Recovery Phase**  
Thanks to the anti-inflammatory properties of ganoderma, ElisirG3 helps reduce inflammation and muscle soreness, supporting faster recovery.
- ▶ **Promotes Mental Wellness**  
The combination of natural ingredients supports not only the body but also the mind, reducing stress and mental fatigue related to training.
