

Company Profile – Crioterapia.com

About Us

Crioterapia.com is an **Italian company specializing in the distribution of cutting-edge technologies for wellness, physical recovery, and athletic performance.** We partner with leading international brands to deliver customized solutions to medical clinics, physiotherapy and rehabilitation centers, spas, aesthetic clinics, and luxury residences. Our **highly personalized, multi-lingual, consultative approach** ensures that every client is supported throughout the selection, installation, and use of the most suitable technologies. We also provide professional training, technical assistance, and flexible financial options, including operational leasing and rental plans. With a portfolio of over 75 advanced devices, **Crioterapia.com is a trusted partner for integrating innovation and measurable results into your practice or facility.**

Mission

Our mission is to **promote wellness through safe, effective, and accessible technological solutions.** We believe that recovery, prevention, and body care should be supported by **scientifically validated and user-friendly tools.** That's why we are committed to selecting the most reliable devices on the market and providing our customers not only with top-tier products, but also with a dependable and knowledgeable support network. We aim to foster a culture of conscious wellness, where **innovation becomes a daily ally in improving quality of life.**

What We Offer

At Crioterapia.com, we provide comprehensive, end-to-end support to ensure efficiency, quality, and continuity. Our **technical consultancy is fully customized:** we listen carefully to the specific needs of each client and propose tailored solutions. We support our clients through every phase—from initial installation to daily use—offering both pre- and post-sales assistance. To ensure the safe and effective use of our technologies, we organize **professional training sessions.** To make innovation more accessible, we also offer flexible leasing and rental solutions suited to all types of facilities.

Activities

We specialize in the distribution and consultancy of advanced technologies for:

- Whole-body and localized **cryotherapy**
- **Photobiomodulation** and red light therapy
- **Hydrotherapy** and contrast therapy
- **Pressotherapy** and lymphatic drainage
