

## Presentation of Newplastica S.r.l.

### Who We Are

We are an Italian company specializing in the design and production of high-quality household products, entirely Made in Italy. From the very beginning, we have believed in the value of craftsmanship, innovation, and functional design, offering solutions that combine aesthetics, practicality, and long-lasting quality.

### Our Production

Our product range includes:

- Plastic, wood, glass, and steel hooks available in various models and finishes
- Plastic bathroom accessories such as soap dishes, towel holders, radiator hooks, and much more
- Kitchen accessories including tablecloth clips, bag clips, broom holders, kitchen roll holders, and sink stoppers

Each item is designed, manufactured, and assembled entirely in Italy at our facility in Frosinone, where we combine artisanal care with advanced technology to ensure the highest quality standards.

### Quality and Innovation

Thanks to high-precision machinery, state-of-the-art technologies, and specialized designers, we guarantee products that are:

- of high quality
- with modern and functional design
- at competitive prices
- with maximum long-term reliability

### Customized Solutions

We offer our clients a complete and flexible service:

- Development of tailor-made products based on specific needs
- Customized packaging
- Client logo application
- Contract manufacturing / private label production
