Auror is a work of art covered in rhinestones and crystals in icy tones, inspired by the Northern Lights: shimmering gems in shades of green, blue and purple, with contrasts of deep blue. The details (snow, ice, trees, mountains) transform it into a mystical tribute to the powerful and timeless Nordic nature.

Ercole is a statue entirely covered by hand with sparkling rhinestones and precious stones in shades of blue and silver, with golden details that emphasise its precious appearance and pride.

Captain America Prestige is an exclusive sculpture dedicated to Captain America, hand-finished by our artisans and embellished with sparkling rhinestones and precious stones. A rare collector's item that combines art and luxury, perfect as a display piece.

On a road lit by Las Vegas neon lights, this Goldwing sidecar is a work of art dedicated to Elvis: entirely covered in precious stones, rhinestones and crystals in the colours of the American flag and sprinkled with silver stars. A raised 'score' with the notes of Suspicious Minds lights up with flashing LEDs, combining art and technology. A hyper-realistic statue of Elvis completes the ensemble, transforming the vehicle into a glittering ode to music and the American dream.

Neve is a handcrafted piece by Brandy Roger: a white lion's head reinterpreted in an elegant and spectacular style. The whiteness of the coat and mane creates an immediate impact, while the decorative details — golden embroidery and crystals applied as a precious frontal ornament — transform the figure into a symbol of strength, purity and light.

Cette tête de lion géante est une présence spectaculaire et puissante : recouverte de tissu et complétée par une crinière douce effet fourrure, elle allie grandeur et raffinement en un seul coup d'œil. Sur le visage, une décoration centrale en pierres précieuses et strass dessine un motif précieux, comme un bijou, qui capte la lumière et rend l'œuvre magnétique.

1.80 m tall Spider-Man sculpture in an imposing pose, hand-covered with thousands of Swarovski crystals for extraordinary sparkle. Base hand-painted by a local artist, with exclusive details. A luxury collector's item, designed as an exhibition piece that combines craftsmanship, elegance and superhero iconography.

The work that best represents Brandy Roger: a merry-go-round horse entirely covered in precious stones and chains, with a vibrant fabric saddle that blends into the sparkle. It is an invitation to be daring and let yourself be carried away by its sumptuousness, capable of awakening a deep emotion: the distant and luminous memory of childhood.

This Harley-Davidson has been transformed into a sparkling work of art, where luxury and creativity come together in every detail. The lights highlight bold, futuristic decorations, while the precious gold fabric seat, crafted with care, adds majesty and opulence. Floral motifs and coloured crystals complete a unique motorcycle, a symbol of uncompromising style and personality.

Mandy is a small cocker spaniel transformed into a precious work of art: her "coat" is covered with rhinestones and precious stones in warm shades of red, yellow and gold, with touches of white and silver. On her back is a decorative gold and silver sun on a red background, while her long ears, adorned with red and gold crystals, complete a luminous, elegant and refined ensemble.

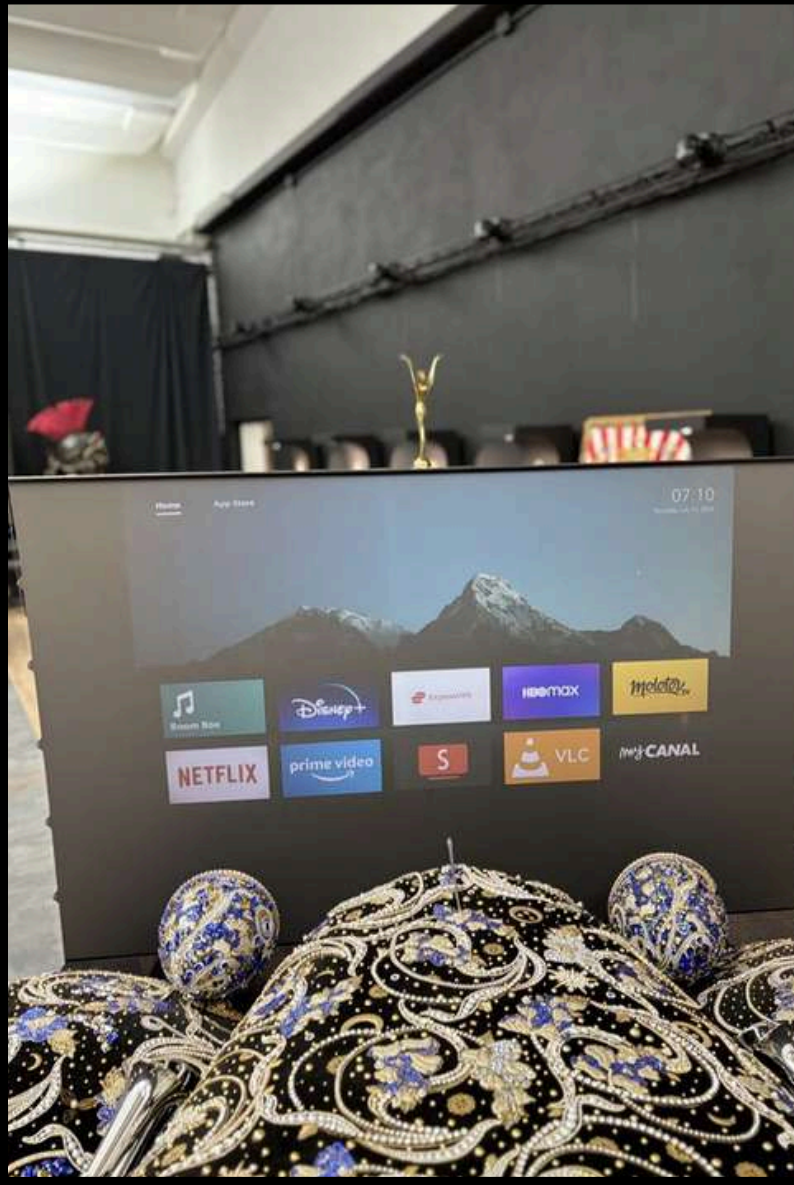

This is a 1955 Citroën Traction Avant converted into a work of art: black velvet exterior with gold detailing and windows, and a luxurious interior combining vintage style with modern technology (projector, automated screen via iPad), with themed accessories such as popcorn and a mini fridge. A tribute to the cinema of yesteryear, blending nostalgia with modernity.

IXOO ST III

Casco Stereo is a creation by Brandy Roger: it looks like a pilot's helmet, but it is actually a Bluetooth speaker transformed into a work of art. The surface is entirely covered by hand with sparkling Swarovski crystals, crossed by dark graphic lines that emphasise its shape, while the tricolour details on the top proudly recall the Italian spirit.

At Brandy Roger, true luxury lies in uniqueness and craftsmanship: Perla is a unique collector's piece, entirely hand-decorated in over 300 hours of work, with a refined 'mosaic' of pearls and luminous details. Designed to stand out, it combines exclusivity, craftsmanship and timeless aesthetics. Perla is not just an object: it is a statement of elegance.

This catalogue presents examples of proposals that we can realise, designed as a source of creative inspiration and a demonstration of our craftsmanship versatility. Upon request, one of our dedicated specialists can develop a fully customised project, defining every aspect of the work with the client according to their aesthetic, technical and functional preferences.
