

Welcome to Arcadia srl

We are a leading company in product development services and representation.

With over 20 years of industry experience, we've become a trusted partner for national and international businesses, providing top-notch services in a professional atmosphere.

Our Main Services

Product Development

We transform concepts into market-ready products. Our expertise covers the entire product lifecycle.

Model Creation

Our design team creates precise, high-quality models tailored to your specific requirements.

Buying Office

We locate optimal suppliers and negotiate favorable terms to enhance your supply chain.

Representation Agency

We leverage our extensive network to promote your products effectively in the market.

Product Development

1

Customised Research

We source bespoke fabrics and accessories that match your unique vision.

2

Concept Design

Our team develops prototypes that bring your ideas to life.

3

Lifecycle Management

We oversee the entire product journey from concept to market.

Model Creation

1

Expert Design Team

Our designers combine creativity with technical precision. They translate concepts into manufacturable designs.

2

Cutting-Edge CAD Technology

We utilise advanced technology for accurate, efficient model development.

3

Client-Specific Adaptations

Every design is tailored to meet your exact specifications and requirements.

Buying Office

Supplier Selection

We identify and vet the best suppliers for your needs.

Price Negotiation

Our team secures optimal terms and conditions.

Quality Control

We manage comprehensive quality assurance processes.

Representation Agency

Established Network

We leverage our extensive industry connections. Our relationships span decades across the fashion and textile sectors.

Commercial Support

We provide expert assistance during negotiations. Our experience helps secure favourable business terms.
