

AIRLOGISTICA GROUP

INTEGRATED LOGISTICS SERVICES AND CONTAINER TRANSPORT

The Airlogistica Group, also with Aircontainer SRL, offers companies a professional, reliable and punctual integrated logistics and freight transport service, governing and monitoring the entire flow of goods from origin to delivery.

The Airlogistica Group has offices in Verona, Genova and La Spezia, as well as bonded warehouses in the Genova Airport area, a fleet of owned vehicles, and maritime containers to and from the ports of Genova and La Spezia. The synergy of the group ensures advanced logistics services. The services offered cover the whole national and international territory.

COMMITMENT

AND

LOGISTICS PLATFORM

The Airlogistica Group proposes to companies outsourced logistics services. Container consolidation operations are carried out, with emptying and filling also of IMO goods with punctuality and precision.

STRENGTH

OUR

REPRESENT

BUSINESSES

DEPOSIT SERVICES

The Airlogistica Group also offers bonded warehouse and VAT tax warehouse services. The companies can store non-EU goods, in a foreign state, in suspension of duties and VAT. Payment of bonded duties and VAT remains suspended for as long as necessary for the importing company to conclude sales negotiations. The main purposes of bonded warehousing and VAT tax warehousing:

- The bonded warehouse, authorized by the bonded authority, where to introduce goods abroad in suspension of import duties and VAT. bonded warehousing is convenient when a company has to purchase products from abroad before having concluded the sale and the final destination, whether in the European or non-European market.
- The VAT tax warehouse, in tax regime aimed at the custody of national, EU and non-EU goods, allows to postpone the payment of taxes at the time of sale.

OF

NEEDS

THE

SERVICES

ENGINEERING AND PROJECTS CARGO

We offer a wide range of services designed to support every stage of the supply chain, providing logistic solutions capable of meeting any logistical requirement.

AFRICA SERVICE

Thanks to a well-established network and strategic partnerships, we manage the entire import/export flow between Italy, Europe and North Africa, ensuring safe and efficient logistics services. We offer FCL and LCL/Groupage solutions to Algeria, Libya and Egypt, as well as bidirectional FCL transport services to and from Ethiopia. These services are provided in close cooperation with local partners.

SERVICES

SERVICES

DEPOSIT AND WAREHOUSE SERVICES

Our traffic office is able to satisfy any request and offer customized solutions. The Airlogistica Group proposes itself as an outsourced logistics partner for warehouse management, changing fixed costs into variable costs, saving the customer on real estate and equipment investments.

The Airlogistica Group makes available to its customers:

- Shuttle services with tail lift between the various warehouses;
- Management flows of raw materials and semi-finished products;
- Storage of products and monitoring with barcode technology and IT connection with the customer;
- Packaging design and management;
- Picking and packing;
- National and international transport and distribution management;

COMMITMENT

STORAGE OF FOOD PRODUCTS

In the food storage, authorized by ASL, we apply the norm h.a.c.c.p. The food products entrusted us by the customer are stored in special rooms equipped with storage facilities and highly qualified personnel.

OF

THE

NATIONAL AND INTERNATIONAL TRANSPORT

Based on the different company needs, the Airlogistica Group is able to design and implement transport services:

- full loads;
- partial loads and groupage;
- dedicated services with vans and trucks equipped with tail lifts;
- positioning of containers to and from the ports of Genova and La Spezia;
- ADR services

IMPORT/EXPORT BROKERAGGIO

Our Group has a database divided by market sectors that allows for an easy and immediate identification of individual Italian producers from whom we may ask some samples. The archive exclusively includes selected goods manufacturers, categorized by each market sector, which are interested in developing foreign market opportunities, many of whom possess the Made in Italy Certification. In order to avail yourselves of this service and to receive a callback, our Foreign Sales Department, led by Dr. Alessandro Nozza, is at your disposal for further information and details via email at headcommercialoffice@gruppoairlogistica.com, or mobile at +39 3928211324.
