COMPANY PROFILE

ABOUT US

The Colour Professionals

Oyster Cosmetics has been producing **hair cosmetics** and **skincare products** since 1983 and its particular area of expertise is hair dyes.

We offer **personalized solutions**, thanks to our experience in both the **professional** and **consumer** channels.

We distribute our products in **over 80 countries worldwide**, developing formulas and products that meet the needs of all hair types.

Our Passion

The Oyster Cosmetics group has an extensive portfolio of **brands** that meets the needs of both **professionals** and **consumers**.

We are passionate about what we do and combine our experience with continuous research into **new technologies** to deliver consistently innovative **hairecare** and **skincare** brands.

ABOUT US

Our Company

Our premises in Castiglione delle Stiviere (Mantua) cover a total area of 65,000 sqm, with state-of-the-art production technologies overseen by specialized staff.

We have a very flexible manufacturing system, thanks to highly efficient and automated production lines which work alongside specialized manual lines which we use for more exclusive projects.

Certifications

Our supply chain complies with certified quality and safety standards UNI EN ISO 9001 and UNI EN ISO 22716, in accordance with Good Manufacturing Practices (GMP).

INNOVATION

4 Laboratories

Our 4 specialised laboratories select and use **innovative ingredients** to create **tailor-made products**, monitoring each and every process to ensure the **highest possible quality standards**:

- Research & Development
- Regulatory
- Quality
- Microbiology

Whether you envisage your concept as **natural** or **biotechnological**, or something in-between, Oyster will give your brand its own **individual character** to meet your needs and those of your market.

Consulting at 360°

Our team of **marketing specialists** studies and develops product concepts for **creative projects**, **exclusive designs** and **turnkey solutions** according to the latest trends in the cosmetics industry.

TECHNOLOGY

Concept and Active Principles

Thanks to the **expertise** of our R&D department, you can choose from an extensive range of **active ingredients** to **personalize your concept** and satisfy the latest **trends** (eco-sustainability, clean beauty, vegan).

- Natural oils
- Aromatic plant extracts
- Food extracts
- Berry extracts
- Marine extracts: algae, salts and trace minerals
- Plant and mineral extracts
- Actives and biotech complexes with latest-generation molecules
- Botanical and medicinal plant extracts

ACADEMY

West Garda Academy

West Garda Academy is Oyster's Educational Centre. It is a professional training centre which runs courses for hairdressers about the Group's products and rituals.

Our team of hair professionals helps hairstylists grow their professional skills through technical, style and managerial courses.

The courses are held against the beautiful, relaxing backdrop of Lake Garda in a prestigious international hotel that offers stylish Italian accommodation, extensive grounds, swimming pools and sports facilities.

1. PRIVATE LABEL

Multichannel Expertise

With thirty years of know-how and expertise in the cosmetic sector, Oyster can develop and deliver full service projects for the different distribution channels:

Professional:

Professional hairdressers and beauty centres

Consumer:

Mass retail, perfumeries, pharmacies, drugstores and beauty supply stores

FULL SERVICE PROJECT

Client partnerships

We build strong partnerships with our clients, sharing the know-how we have built up over 30 years in the business.

Product personalisation

We create tailor-made products, customising them to the needs of the client, the sales channel and the target market.

Eco-sustainability

We have a sustainable approach to packaging (recycled and recyclable pack, reduced thickness labels ...) and to formulations (vegan, edta free, mineral oils free).

Executive tests

Our team of experienced professionals tests products and formulations on models in our West Garda Academy on a daily bases, to ensure constant quality and continuous updating with new trends and technologies.

Projects that become products

We work with you to create a custom project, developing the best formulas and studying the concept and positioning of the range.

Packaging design

We source the most innovative and sustainable packaging there is to create your desired image and make your product unique and appealing.

OUR GREEN VISION

Environmental considerations are at the heart of our mission. Oyster Cosmetics is committed to **reduce impact** of environment by focusing on two main points.

The Green Lab

1. Green Formulations
2. Packaging Innovation

THE GREEN LAB

The **Green Lab** by Oyster Cosmetics is a project of Research and Development created to respond in an increasingly effective and specific way to the needs of the Natural Cosmetics market.

In The **Green Lab** we preferred to follow the path of natural cosmetics and concentrate our commitment in the development of formulas increasingly oriented to Nature, with a view to transparency to customers and in a sustainable way.
