CASAGRANDE
DELLA QUERCIA

Our winery
Rooted in family
Defined by the land

Boutique Winery from Tuscany

WHY CASAGRANDE DELLA QUERCIA

Three generations of winemaking,
with direct family involvement
from vineyard to bottle.

Family Heritage

Wines born in the heart of Tuscany,
expressing the character of our land
through Sangiovese and carefully
selected varieties.

Authentic Tuscany

From Chianti Classico DOCG to
Tuscan Rosé and Supertuscan: four
distinctive expressions united by one
territory identity.

Distinctive Identity

Distinctive labels inspired by Siena,
turning each bottle into part of our
story.

Wine Making Art

We do not produce wine to follow trends, but to tell the story of our land.

In the heart of the Chianti Classico, we craft our wines creating authentic expressions of Tuscan winemaking tradition. A craft shaped by patience, experience, and vision.

Quality guides everything we do.

Every bottle is the result of direct, hands-on care at every stage of the production process: from the manual harvest of our grapes to bottling, everything takes place on our estate.

Who We Are

Above all, we are a family
and this is the true
strength of our winery.

Our goal is to create
authentic wines that evoke
emotion with every
vintage, expressing the
true character of our land.

For three generations, we
have preserved a deep
passion for viticulture and
for the Sienese territory.

A heritage of knowledge
that combines respect for
tradition with a careful and
conscious approach to
winemaking.

Fenix

Chianti Classico DOCG

A contemporary expression of Sangiovese from our terroir

Our Chianti Classico Annata offers an easy-drinking and clean profile.

Its structure and characteristics make it versatile for food pairings

- Production area: Chianti Classico
- Soil: medium texture, predominantly clay-limestone
- Altitude: 250–280 meters above sea level

On the nose, it unfolds aromas of fruit and flowers, with subtle spicy hints.

With a deep ruby red color, it is full-bodied, with notes of fresh fruit, well-balanced tannins, and refreshing acidity.

The logo for Lucetta is written in a red, elegant script font.

Chianti Classico Riserva DOCG

Our finest interpretation of Chianti Classico

A complex and elegant wine with refined tannins, achieved through long maturation in oak barrels followed by bottle aging.

- Production area: Chianti Classico
- Soil: medium texture, primarily clay-limestone
- Altitude: 250–280 meters above sea level

Ruby-red in colour with garnet reflections. Delicate on the nose, with fruity and floral aromas complemented by spicy hints and balsamic notes. On the palate, it reveals red fruit jam and toasted notes on the finish, creating a well-balanced and persistent wine

Fenix

IGT Toscana Rosato

Fresh, elegant, and instantly enjoyable

On the nose, it offers fruity and floral notes. On the palate, pleasant freshness and balance, supported by gentle softness and well-integrated alcohol.

- Production area: Chianti
- Soil: medium texture, predominantly clay-limestone
- Altitude: 250–280 meters above sea level

Obtained from an early harvest of predominantly Sangiovese grapes.

The must is quickly separated from the skins and fermented at low temperatures to preserve aromas and achieve a delicate cherry-pink color with subtle orange hues.

Vis et Amor

IGT Toscana Rosso

Strength and elegance in perfect balance

Born from the union of Cabernet Sauvignon and Petit Verdot, this wine displays an intense garnet-red color and fully expresses its strength and character.

- Production area: Chianti
- Soil: medium texture, primarily clay-limestone
- Altitude: 250–280 meters above sea level

On the nose, the bouquet is rich and complex, ranging from ripe fruit to fruit jam, with floral potpourri, enriched by vegetal and spicy nuances.

A warm, well-balanced wine, with subtle freshness and good structure.

The two Vis et Amor labels are complementary parts of an artwork - by contemporary artist Alessandro Grazi - depicting Siena's Piazza del Campo, from which two horses take shape.
