

# Oltremare Gioielli

Italian handcrafted fine gold jewelry | Made to order in Italy

## About us

Oltremare Gioielli is an Italian fine jewelry brand creating made-to-order pieces in solid 14k and 18k gold. Designed and produced in Italy, we serve customers worldwide through our e-commerce platform, combining traditional goldsmith craftsmanship with sculptural, wearable design.

## Product range

- Engagement rings: solitaires, halo designs, baroque and contemporary styles, colored gemstone rings
- Custom engagement rings: bespoke solitaire and design-led settings
- Wedding bands: matching bands for bridal sets
- Earrings, necklaces, and rings: including Italian gold cross pendants and signature collections
- All pieces in solid gold (not plated or filled), yellow, white, or rose gold

## Production

Every piece is handcrafted in Italian workshops with attention to proportion, finishing, and long-term wear. Natural gemstones and diamonds are used where specified, including GIA-certified center stones on selected engagement designs. Typical production time is two to three weeks after order confirmation, depending on design and stone sourcing.

## Markets & partnerships

We sell internationally through localized online storefronts (EN, IT, FR, DE, ES). We welcome contact from retailers, bridal boutiques, jewelry buyers, and agents interested in authentic Made in Italy artisan gold jewelry.
