

MARIONI
THE HOME COLLECTION

PRESENTATION FOR INTERIOR DESIGNERS/ARCHITECTS

1-COMPANY

MARIONI s.r.l. was established in 1966 thanks to the great intuition of its founder Paolo Marioni. Though **MARIONI** is a large-sized company, it is strongly characterized by a family approach whose sense of belonging has been preserved together with a spirit of devotion and commitment and the innate creativity of Tuscany. In Calenzano, near Florence, our able modellers, decorators and artists work with mastery and our collections, inspired by Italian history and culture, come to life surrounded by an environment of modernity and tradition, keeping unchanged their innate functional and aesthetic character.

At the present time we have three collections:

-NOTORIOUS High end furniture, lighting, upholstery and home accessories

-CONCEPT Transitional style furniture, lighting, upholstery and home accessories

-CLASSIC Traditional style lighting and home accessories

Since 2003 our company has obtained the Quality System Certificate UNI ISO 9001-2008 in compliance with all international standards.

Our Contract Division has successfully worked for a long time with a growing number of contractors, interior designers and architects in order to develop items that particularly suit for the renovation of hotels all over the world. Our production flexibility and artistic skill are at disposal of demanding and refined customers looking for the best price-quality ratio and the respect of the project parameters.

2-COMMUNICATION AND CORPORATE IMAGE

All catalogues can be downloaded in a PDF version on www.marioni.it .

If requested we can also provide Hi Res pictures of fabrics, wooden finishes and glazes to map models.

Web

An updated and easily understandable website deletes all the distances. This is the reason why our web site, now at its fifth release, has been recently updated.

Social Network

These tools make easier to recognize people’s needs, understand trends and get an important position on the market.

3-SUPPORTING DESIGN

We can offer an exclusive archive of 3D models to support interior designers and architects in their projects. A very important collection of files easily downloadable from our web site.
