Tirabasso SS26 MAN COLLECTION

Beyond horizons: endless time for elegance

Dear Friends,

every hat we design begins with an intuition:
a light, a gesture, a distant land, a conversation overheard between two strangers.

But above all, it begins with a clear idea—of a man who never stands still, a traveler of the soul, an elegant explorer who knows how to blend tradition and modernity.

For this new collection, we imagined a man who walks through cities and deserts alike, with a confident stride, a curious gaze, always open to the new.
He is elegant, but never ostentatious; gracious, with natural charm; refined, with a style that transcends eras. He is self-assured, yet always open to inspiration—above all, he is free, a lover of travel and new horizons.

The materials chosen for this collection include hand-worked natural raffia—textured, lightweight, and authentic. Timeless, iconic woven straw. Original Panama weave, straight from the heart of Ecuador, a symbol of class. And a cowboy style, reimagined with a Mediterranean flair—bold, yet sophisticated.

The Tirabasso man's hat is a part of him: it protects him, represents him, tells his story.

In "*Beyond horizons: endless time for elegance*" for SS26, you'll find the artisanal heritage of Tirabasso—shaped by skilled hands and slow time—but also the drive toward the unknown and a longing for new horizons.

Each model is an invitation to set off, to reconnect, to stand out.
Without haste, and with style.

We hope you find among these shapes, colors, and textures the hat that resembles you most.
That will accompany you.
That will tell your story.

With esteem and passion,

The Tirabasso Team
Made in Italy – since 1967
