

# Italian Participation at **FIND DESIGN FAIR ASIA 2024**

26 - 28 September 2024  
Level B2, Marina Bay Sands,  
Singapore

# AMBASSADOR'S MESSAGE

It is with great pleasure that Italy, for the third consecutive year, participates in FIND - Design Fair Asia, an event collaboratively organised by DMG Events and Fiera Milano. As a cornerstone of the Singapore Design Week, FIND represents a premier platform for design dialogue and commercial collaboration, standing as Southeast Asia's leading trade show and design showcase, dedicated to passionate architects and design enthusiasts.

This year's edition will feature a distinguished Italian Pavilion organised by the Italian Trade Agency (ITA), showcasing 25 of Italy's foremost furniture companies, among a total of more than 40 Italian enterprises participating in the event. This pavilion underscores Italy's reputation as a global design hub, with events like the "Milan Design Week" setting the gold standard for industry visibility and innovation.

The design and furniture sector remains a critical pillar of the Italian economy, and the enthusiastic response from the Singaporean market is a testament to this strength. Italy proudly holds the position of the leading European Union exporter of furniture to Singapore, commanding a 32.8% market share as of 2023.

Singapore, with its dynamic energy, is emerging as a significant design hub and a key connectivity point within the broader Southeast Asian region. In recent years, many Italian companies have established showrooms in Singapore, recognising its strategic importance not only as a market but also as a gateway to the entire Asian region.

## Dante Brandi

Ambassador of Designate of Italy to Singapore

In this context, I am delighted to announce the presence of the renowned Italian architect Michele De Lucchi at FIND and the Singapore Design Week, one of the most esteemed figures in contemporary design. His participation will further strengthen the bond between Italian design and Singapore, reinforcing our shared commitment to promoting Italian excellence on the global stage and a unique opportunity to deepen the synergies between our two countries.

# TRADE COMMISSIONER'S MESSAGE

We are privileged to announce the Italian Trade Agency's participation in FIND – Design Fair Asia 2024, the prestigious centrepiece of Singapore Design Week. FIND 2024 is poised to be a landmark trade show, showcasing an elite selection of furniture, interiors, and design brands within an expansive 13,000 sqm exhibition space. This distinguished event is anticipated to attract over 14,000 discerning attendees and feature more than 300 leading brands, marking a significant occasion for design excellence.

This year, the Italian Trade Agency will be organising an Italian pavilion to showcase 25 distinguished Italian companies, each representing the pinnacle of Italian design sophistication. The Pavilion will also serve as a premier space offering unparalleled opportunities for forging strategic connections and having meaningful industry engagements.

The Italian furniture industry is renowned worldwide for its exceptional artistry and innovation, seamlessly integrating traditional craftsmanship with contemporary elegance, thereby setting influential global design trends. Italian furniture is celebrated not only for its exquisite aesthetics but also for its impeccable quality and functional innovation, traits that have established it as a benchmark in the global design landscape.

In Singapore, the role of Italian furniture is particularly significant. As a hub of design and innovation in Southeast Asia, Singapore's market is distinguished by its sophisticated taste and high demand for both luxurious and practical design solutions.

## Giorgio Calveri

Trade Commissioner for Singapore and Philippines

The city-state's strategic position as a preeminent business and creative hub renders it an optimal venue for Italian brands to showcase their unparalleled refinement and innovation. The presence of Italian furniture in Singapore not only reflects the city's appreciation for top-tier design but also enhances its status as a leading center for global design trends and business opportunities.

We invite you to join us in experiencing the apex of Italian design and forging influential connections within Singapore's esteemed design landscape.

# ITALIAN TRADE AGENCY

ITA - Italian Trade Agency is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy.

With motivated and modern organisation and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion, and training to Italian small and medium-sized businesses. Using the most modern multi-channel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world.

The network. Through its headquarters in Rome, an office in Milan, a global network of 69 offices and 18 correspondence points in 74 countries linked to Italian embassies and consulates, the Italian Trade Agency provides information, assistance, promotion, training and co-operation in the industrial, consumer goods and services sectors. The Italian Trade Agency collaborates with Italian

regions, Chambers of Commerce, Industry and Trade Associations and other public and private organisations.

Every year, ITA worldwide offices carry out hundreds of promotional projects and provide personalised services and assistance to thousands of Italian companies. The Italian Trade Agency also assists and supports foreign companies that want to establish or expand business and trade relations with Italian companies or to invest in Italy.

The main services offered to Italian companies by the Italian Trade Agency to increase the flow of exports and investments between Italy and the rest of the world are:

- information and assistance
- identification of commercial partners
- visits to international trade shows and industrial districts
- support for investments abroad
