THE SANITARY SECTOR MADE IN ITALY

Under the motto "Solutions for a sustainable future" 380 Italian manufacturers will present their products at the ISH in Frankfurt. Visit Italy at the world's leading trade fair for water, heating, ventilating and air conditioning, taking place from 13th to 17th March 2023 with more than 2.000 exhibitors.

Made in Italy is highly valued in Germany: every year, Germany imports bathroom furnishings worth 140 million euros from Italy, most recently with an increase of 12% over the previous year. 17% of German imports in this sector are from Italy. The Italian bathroom furnishings sector with almost 1,000 companies and around 23.000 employees is showing a positive trend with a total turnover of 3.8 billion euros. Exports account for 45% of total turnover.

These figures have been reported Federlegno-Arredo, the Italian association of woodworking and furniture industries, which represents the Italian enterprises of the sector from raw material to finished design product.

Made in Italy bathroom furnishings have experienced a radical change in recent decades, becoming the expression of a new way of conceiving and experiencing the bathroom that suits the different lifestyles. This is a lively, dynamic and forward-thinking sector which, thanks to the uniqueness, beauty and quality of the products of Made in Italy companies, has managed to overcome the pandemic-related crisis better than others and to maintain its position on the international market.

In doing so, Italian companies have consciously chosen the theme of sustainability. It is a path that Made in Italy manufacturers recognised some time ago and took without hesitation. Nowadays sustainability, circular economy, water saving, certifications and environmental friendliness are turning out to be not only a moral-ethical issue, but also an economic factor resulting in competitive advantages.

ITA – ITALIAN TRADE AGENCY

The ICE – Italian Trade Agency is the Italian government organization working to develop, facilitate and promote economic and commercial relationships abroad and marketing Italian goods and services internationally. It further promotes the “Made in Italy” image around the world and Italy itself as a destination for foreign investment.

The ICE – Italian Trade Agency operates under the authority and supervision of the Ministry of Foreign Affairs and International Cooperation (MAECI). Through its international presence, alongside the Italian diplomatic network, the ICE – Italian Trade Agency works together with business organizations and other public and private entities to offer coordinated support for businesses and Italian organizations involved in the globalization process.

From its Rome headquarters, with offices in Milan and around the world, the ICE – Italian Trade Agency provides information, assistance and promotion services to businesses and institutions, encouraging cooperation within the industrial, agricultural and agri-food sectors, distribution and tertiary businesses, to expand the presence of Italian companies on international markets. In order to support the Italian industrial and foundry sector the ICE – Italian Trade Agency offers a wide range of initiatives worldwide, such as participation in trade fairs, presentations and bilateral workshops.

In Germany the ICE – Berlin office organizes many promotional events with Italian regions, provinces, manufacturers associations, chambers of commerce, private companies and collective pavilions in international trade fairs.

FLA – FEDERLEGNO ARREDO

FederlegnoArredo (FLA), Italian Federation of Woodworking, Cork, Furniture, Lighting and Furnishing Industries, promotes the Italian wood and furnishing industrial policy, collaborating with Italian, European and international institutions.

FLA associates more than 2100 companies, ranging from SMEs to industry leaders, and is composed by 11 sectoral associations including **ASSOBAGNO - The Association of Italian companies that produce bathroom furniture**

FLA is a member of EFIC and of other several sectoral Associations operating at Eu level (FEMB / EPF / CEI-BOIS / Light in Europe / Teppfa / FEFPEB / Grow International / ES-SO / FEP / UNIEP).

FLA represents the 45% of furniture revenues in Italy and it strongly contributes to the social dialogue, both at national and European level. FLA is a co-founder of the VET ad HE Center “Art/Wood Academy” for training technical operators and managers for the Wood and Furniture Industry, located in Lombardy, with support of local enterprises, institutions, universities, and high schools.

FLA operates following three main priorities for the sectoral industry:

- supporting new business models based on the principles of the circular economy and sustainability; the special project FLA/PLUS aims to promote and support Circular Economy practices towards Italian wood and furniture companies, with the aim to make the Italian industry even more sustainable, green and responsible, according to the ESG indicators. Since June 2022, FLA has been officially admitted to the UN Global Compact.
- promoting **innovation and digitization** at different levels.
- **developing and updating the skills** necessary for the new and traditional professions of wood and furniture sector.

FLA is a social partner from the employers' side at national level.

Through its staff, it offers some services to companies, related with the international markets, Intellectual property rights, training, data analysis and other services.
