AGENZIA ITALIANA
PER LA COOPERAZIONE
ALLO SVILUPPO

L'Agencia italiana per la cooperazione allo sviluppo (AICS)

AICS è l'istituzione che, alla luce della Legge 125/2014, è deputata all'attuazione, lungo le linee strategiche fissate dal Ministero degli Affari Esteri e della Cooperazione Internazionale, delle iniziative di cooperazione internazionale. I suoi obiettivi sono lo sradicamento della povertà, la riduzione delle disuguaglianze, la promozione dello sviluppo sostenibile, l'affermazione dei diritti umani e della dignità umana, compresa l'uguaglianza di genere, la prevenzione dei conflitti e il sostegno ai processi di pacificazione. La sede centrale a Roma opera con il supporto di un Ufficio a Firenze e può contare su una rete di 20 sedi dislocate a livello globale.

L'Ufficio Regionale dell'AICS a Nairobi è responsabile per le iniziative di cooperazione in Kenya, Somalia, Tanzania e Repubblica Democratica del Congo: si tratta di un'area dove paesi in forte crescita convivono con paesi colpiti da instabilità e crisi umanitarie.

Kenya e Somalia sono paesi prioritari per la Cooperazione Italiana: all'interno della programmazione annuale degli interventi, questi paesi ricevono la maggior parte delle risorse sia in termini di doni che di crediti di aiuto.

ARABIKA *Project*

ARABIKA è un progetto nato dalla collaborazione tra Governo del Kenya e il Governo italiano. È finanziato dall'Agazia Italiana per la Cooperazione allo Sviluppo (AICS). Le attività progettuali si snodano lungo l'intera filiera del caffè concentrandosi su: gli aspetti organizzativi e gestionali delle cooperative di produttori, il marketing e il miglioramento della qualità del prodotto. L'obiettivo, altresì, è di migliorare l'accesso a mercati più redditizi, sia a livello locale che globale.

Il progetto è in linea con le strategie di sviluppo della filiera del Governo nazionale e delle Contee. Il progetto lavora su sette Contee: Bungoma, Nyeri, Machakos, Murang'a, Kiambu, Meru ed Embu. All'interno di queste Contee, sono coinvolte 21 cooperative, rappresentative di 30.000 agricoltori che beneficeranno delle attività di formazione e branding del progetto. Il progetto è iniziato a luglio 2021 e terminerà a marzo 2025.

Company activity

Created in 2007, caffè del mondo has a small industrial unit of 2500T per year and a coffee shop since 2020 located in Zone 3 street Thomas edison , Abidjan where customers can come and taste the best coffees existing in Côte d'Ivoire CAFFE DEL MONDO has established itself as the benchmark for specialty coffee that is otherwise sustainable. CAFFE DEL MONDO has remained faithful to the tradition of a great coffee from the best and roasted to the core using a traditional method. A passion for aromas cultivated since 2007.

Our mission is to:

- Make coffee good for people and good for the earth.
- Ensure that lovers of top quality green beans are available.
- Offer a cup of coffee that can be the best in Côte d'Ivoire.

Caffé del mondo offers blends between Ivorian robusta coffee from the different coffee-producing regions of the Ivory Coast, arabicas with multiple exceptional origins and also 100% arabica coffees. They come from the 5 continents. A unique taste from high-quality coffees obtained by exceptional blends but also thanks to a well-controlled manufacturing process to obtain 100% natural coffees, without any artificial flavors.

A rigorous selection, high-quality beans selected by our specialists. The harvest is carried out mainly by hand because the beans are chosen for their finesse and aromatic richness. A key roasting that allows us to cook our coffee beans and highlight their aromas. Our beans are carefully selected and roasted with experience. A fresh blend from the mountains of the Ivory Coast.

Company activity

Through our coffees NAKA cafe, we invite you on a journey to explore the most flavorful terroirs of Côte d'Ivoire.

From specific lands, the coffee trees draw all their aromas and intensities through their roots.

We select the finest coffees from the Sud Comoé, N'zi Comoé, and Moyen Comoé regions; from the Bas-Sassandra region in the southwest; and from the Marahoué, Fromager, and Haut-Sassandra regions in the center-west.

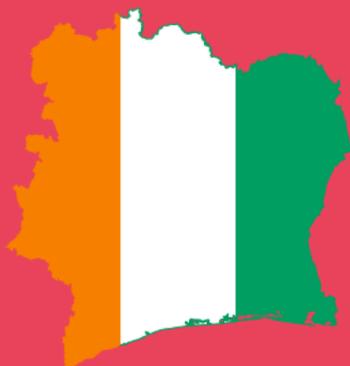

We offer ground and whole bean coffees in 250g and 1kg sizes, prepared according to customer demand.

Company activity

Representing over 46,094 farmers, Yirgacheffe coffee farmer's cooperative union is established in June 2002. Its 28-member cooperative are located in Gedeo Zone in Southern Ethiopia, one of the most prominent coffee growing regions in the country & the only source of Yirgacheffe coffee.

The 62,004 hectares dedicated to garden coffee produce on average around 20,000 metric tons of Yirgacheffe washed and sun-dried coffee per year.

It is organic and Fair-trade certified coffee producers and exporters.

Company activity

Kafa Forest Coffee Farmers Cooperative Union (KFCFCU) is located in Kafa zone, in the southwestern part of Ethiopia & the place where coffee Arabica is originated. KFCFCU was established in 2004 by 17 primary cooperatives with 4,267 member farmers and a capital of 200,000 birr.

Currently, the number of member cooperative societies has reached 55 with more than 13,676 smallholder members (about 20% female) and its net asset has reached over 103 million birr.

The main purpose of its establishment is to export Kafa coffee to the international coffee market so that farmers get a better price for their product and improved livelihood.

The union also has a mission to promote the origin of coffee.

Naturally organic coffee, wild-grown coffee in a multi-layered upland rain forest, superior product for national and international markets, traceability of the product, a direct link to the international market, and payment from the net profits as dividends to farmers is the uniqueness of the union.

In addition to the marketing of coffee, the union has also been involved in building capacity of primary cooperative societies & farmers; participating in the establishment and provision of social and economic infrastructures; playing a leading role in the effort to conserve natural resources especially natural forests.

The natural resource and environment conservation activity is the core activity to preserve the origin of coffee Arabica Kafa.
