CONFINDUSTRIA MARMOMACCHINE
ASSOCIAZIONE ITALIANA MARMOMACCHINE

The background of the entire page is a light-colored marble pattern with soft, flowing veins of grey and pinkish-red. The texture is organic and elegant.

Layout grafico e impaginazione

Direzione Centrale per i Settori dell'Export | Nucleo Grafica

The background of the image is a close-up of a marble surface. It features a complex pattern of swirling, veined lines in shades of light gray, dark gray, and off-white. The texture appears smooth but with natural stone variations. The lighting is even, highlighting the organic flow of the marble's grain.

Ambassador of Italy to the Kingdom of Saudi Arabia

Dear Visitor,

I wish to warmly welcome you to the 2025 Big 5 Saudi fair and in particular to the Italian Pavilions.

Italy has traditionally been one of the most represented countries at Big 5 Saudi, which attracts thousands of international companies from all over the world. The Italian presence is growing year after year and we are very proud of this trend. Our companies are here to expose state-of-the-art technologies and very high quality products and to look for mutually beneficial collaborations with the Saudi counterparts.

The Italian industry is well-placed in many construction products, notably marbles, granites and natural stones, as well as machineries and complete plants to quarry and process natural stones. As far as the HVAC sector is concerned, our companies are well-known for their historical tradition of design, style and technological innovation. In the field of construction, a growing number of Italian SMEs are working hand in hand with many Saudi business partners on a wide array of projects, thus contributing on a daily basis to the Kingdom's impressive urban, housing and construction projects.

The recently established strategic partnership between Italy and Saudi Arabia will serve as a basis for the work we have to do

together in the coming years, also in view of the Vision 2030 and its ambitious objectives. Italian companies are willing to further contribute to the future of Saudi Arabia.

Enjoy your visit at the 2025 Big 5 Saudi fair! You can count on the support of the Embassy and other Italian institutions in the Kingdom in favor of successful collaborations between Italian and Saudi operators.

Carlo Baldocci

Director Italian Trade Agency

Dear Visitor,

On behalf of the Italian Trade Agency, I am delighted to welcome you to the Italian Pavilions at the Big 5 Saudi Exhibition. Here, you will have the opportunity to meet Italian companies specializing in the stone industry, as well as explore the HVAC R Expo Saudi Pavilion, showcasing a variety of exhibitors offering high-quality products and technologies. Additionally, you can visit the third Pavilion, which features Italian companies dedicated to construction, road and earthmoving machinery, mining machinery, quarry equipment, construction site machinery, and lifting and handling solutions.

Italy is a global leader in many sectors of the construction industry. Specifically, at the Big 5 Saudi Exhibition, we highlight our expertise in marbles, granites, natural stones, machinery, complete plants, tools, and complementary products for quarrying and processing natural stones, as well as the HVAC sector. Italian companies are renowned for their ability to meet the unique needs of their clients and partners, thanks to a long-standing tradition of craftsmanship, style, innovation, and research.

The Italian Trade Agency, in collaboration with key industry associations such as Confindustria Mar-

macchine, UNACEA, and ANIMA Confindustria Meccanica Varia, has organized the participation of Italian companies at the Big 5 Saudi. With

a network of offices in over seventy countries, the agency serves as the Italian government's platform to support business development abroad and foster collaboration with international partners.

We warmly invite you to visit our Pavilions and encourage you to reach out to our staff for any assistance. They will be pleased to introduce you to Italian companies and help you find a business partner that matches your specific needs.

www.projectitaliasrl.com
info@projectitaliasrl.com

PRODUCTS AND SERVICES:

-CUSTOMIZED MARBLE - SEMI PRECIOUS STONES - MOTHER OF PEARL - MARBLE MOSAIC - GLASS MOSAIC
-INTERNAL TECHNICAL OFFICE - MATERIALS RESEARCH - SITE SURVEYS - INSTALLATION

OVERVIEW:

PROJECT ITALIA was founded in 2005 by combining the knowledge, skills and experience of a group of friends. The company began by specializing in the stone and marble industry, but soon it enlarged the range of products and services, orienting itself towards the niche of luxury and operating mainly on foreign markets. The evolution towards the contract sector was equally natural.

We are proud to have built up over the years a large portfolio of exclusive projects in private villas and boutiques, as well as in Hotellerie, Wellness and Shipbuilding from Moscow to Cote d'Azur, from London to the Black Sea, from North Africa to UAE.

+39039204971
www.waterjetcorp.com
waterjet@waterjet.it

PRODUCTS AND SERVICES:

WATERJET CUTTING MACHINES - HYDROFINISH MACHINES - HYBRID AND FULL ELECTRIC HIGH PRESSURE PUMPS

OVERVIEW:

WATERJET CORPORATION, founded in Italy in 1991, manufactures NC machine tools for high-pressure waterjet cutting of stone, glass, steel, and more. Driven by innovation, the company developed the HYDROFINISH SYSTEM, an eco-friendly technology that decorates materials (e.g., flooring, cladding, objects, and furniture) using only high-pressure water jets, without abrasives. This process creates unique finishing effects through controlled erosion and preserves the natural color variations of the materials, resulting in distinctive decorative outcomes unmatched by other methods. Known for precision, reliability, and high customization, Waterjet's solutions are at the forefront of their field.
