Ambassador of Italy to the Kingdom of Saudi Arabia

Dear Visitor,

I wish to warmly welcome you to the 2024 Big 5 Saudi fair and in particular to the Italian Pavilions, located respectively in the areas dedicated to i) Stone & Surface, ii) Heating, Ventilation & Air Conditioning (HVAC) and iii) Construct. Italy has traditionally been one of the most represented countries at Big 5 Saudi, which attracts thousands of international companies from all over the world. This year nearly 100 Italian companies will attend this globally-recognized construction fair, exposing state-of-the-art technologies and very high quality products.

The Italian industry is well-placed in many construction products, notably marbles, granites and natural stones, as well as machineries and complete plants to quarry and process natural stones. With respect to the HVAC sector, our companies are well-known for their historical tradition of design, style and technological innovation. In the field of construction, a growing number of Italian SMEs are working hand in hand with hundreds of Saudi business partners on a wide array of projects, thus contributing every day to the Kingdom's impressive

urban, housing and construction projects.

Over time, Italy has indeed become a key partner for Saudi Arabia's strategic investments under Vision 2030. Top Italian companies stand as major implementers of milestone initiatives, such as the development of the Diriyah Gate in Riyadh, Red Sea Global project, Al Ula's Master Plan and ultimately the smart-city of NEOM.

Saudi Arabia is therefore Italy's main economic partner in the Middle East and North Africa region and construction projects are among the most promising and steadily-growing areas of business. Building on past experience and sound knowledge of the Saudi market, Italian companies are willing to further contribute to upcoming projects in the Kingdom, as laid out in the Vision Realization Program for Housing.

The Embassy of Italy in Riyadh, the Consulate General in Jeddah and the Italian Trade Promotion Agency in Riyadh stand therefore ready to support Saudi businesses in dealing with their Italian counterparts with a view to achieving mutually and long-standing beneficial results.

Enjoy your visit at the 2024 Big 5 Saudi fair!

ROBERTO CANTONE
Ambassador of Italy to the Kingdom of Saudi Arabia

A handwritten signature in black ink, which appears to be 'Roberto Cantone', written in a cursive style.

DIRECTOR ITALIAN TRADE-AGENCY

Dear Visitor,

I am very glad to welcome you on behalf of the Italian Trade Agency to the Italian Pavilions at the Big 5 Saudi Exhibition - Stone & Surface Pavilion, where you can meet 57 Italian companies dedicated to the stone industry, HVAC R Expo Saudi Pavilion, where you have the chance to meet with over 21 exhibitors, representing high quality products and technologies and third Pavilion – where you can meet 19 Italian companies dedicated to construction, road and earthmoving machinery, mining Machinery, quarry, construction site, machines and lifting equipment e movement.

Italian industry is leader worldwide in many products in the construction sector – and in particular, regarding the Big 5 Saudi, in marbles, granites and natural stones, machinery, complete plants, tools and complementary products to quarry and processing natural stones, and in HVAC sector - and is well known for its skills in satisfying the specific needs of its clients and partners, thanks to a historical tradition of craftsmanship, style, innovation and research.

The Italian Trade Agency - that has organized the

participation of the Italian companies at the Big 5 Saudi in collaboration with the two important manufacturers associations Confindustria Marmomacchine, UNACEA and ANIMA Confindustria Meccanica Varia -, with a network of offices in more than seventy countries, is the government agency that supports the business development of Italian companies abroad and promotes their collaboration with foreign partners.

You are therefore welcome to our Pavilions, and please don't hesitate to ask for the assistance of our staff, who will be glad to introduce you to the Italian companies and support you in finding an Italian partner matching your business needs.

Romano Baruzzi
Director
Italian Trade Agency
Riyadh Office

A handwritten signature in black ink, which appears to read 'Baruzzi'. The signature is written in a cursive, slightly slanted style.

ice-italian agency for external trade

L'ICE-Agenzia per la promozione all'estero e l'internazionalizzazione delle imprese italiane è l'organismo attraverso cui il Governo favorisce il consolidamento e lo sviluppo economico-commerciale delle nostre imprese sui mercati esteri.

Agisce, inoltre, quale soggetto incaricato di promuovere l'attrazione degli investimenti esteri in Italia.

Con una organizzazione dinamica motivata e moderna e una diffusa rete di uffici all'estero, l'ICE svolge attività di informazione, assistenza, consulenza, promozione e formazione alle piccole e medie imprese italiane. Grazie all'utilizzo dei più moderni strumenti di promozione e di comunicazione multicanale, agisce per affermare le eccellenze del Made in Italy nel mondo.

ITA - Italian Trade Agency is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy.

With a motivated and modern organization and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion and training to Italian small and medium-sized businesses. Using the most modern multi-channel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world.

ANIMA Confindustria -Federation of Italian Associations of Mechanical and Engineering Industries

UCoMESA
UNIONE COSTRUTTORI
MACCHINE EDILI, STRADALI,
MINERARIE ED AFFINI

ANIMA - Federation of Italian Associations of Mechanical and Engineering Industries, represents within Confindustria companies of mechanical sector, which employs 225.000 employees, with 54,6 billion Euro production and 57,0% export share (estimates 2022).

Born in 1914, ANIMA numbers 34 associations and 1,000 companies, highly qualified in the sectors represented:

- Energy production and Oil & Gas industry
- Logistics and Handling
- Water Treatment & Food Processing
- Industry
- Building
- Personal Security and Safety
- Metallic products

UCoMESA (Union of construction, road, mining and related machinery manufacturers) born within ANIMA in 1951, joins among the most qualified Italian companies manufacturing plants and equipment for construction industry, a sector that employed 5,850

units in 2022, for a total production of 2,80 billion euro and 77% export/production share.

The Association is structured in 6 product groups:

- Drilling, boring and piling machinery and plant
- Crushing, grinding, screening, classifying, washing machinery and plant
- Concrete machinery and plant
- Tower cranes, self-erecting cranes
- Road machinery and plant
- Other construction equipment

AISEM (Italian Association of Lifting, Elevating and Handling Systems) was formed in 1992 from the merger of two entrepreneurial unions that had already been federated to ANIMA for more than forty years. The association brings together the best national entrepreneurs for the construction and distribution of material handling and lifting equipment, representing about 75% of the entire national production, of which about 40% is destined for export.
