TRADE AND INVESTMENT

OPEN DOORS TO A WORLD  
OF OPPORTUNITIES

ITA - Italian Trade Agency is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy.

With a motivated and modern organization and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion and training to Italian small and medium-sized businesses.

Using the most modern multi-channel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world.

Mechanizing the world

# FEDERUNACOMA

Via Venafrò 5 | 00159 Roma, RM - Italy

☎ +39 06432981 | ✉ [info@federunacoma.it](mailto:info@federunacoma.it) | 🏠 [www.federunacoma.it](http://www.federunacoma.it)

FederUnacoma has been representing the interests of a broad sector of mechanics within Confindustria's system since 1945. The Federation groups the associations of Italian manufacturers in the field of machinery, equipment and technology for agriculture, gardening and green keeping and related components.

Companies represented by the Federation play a key role on the international stage, holding high-ranking positions in terms of production capacity, breadth of range and effectiveness in meeting the most various demands of the agricultural and related sectors. Through FederUnacoma the Italian mechanisation enterprises are able to dialogue with institutions, promoting innovation, business culture and their presence in national and international markets. FederUnacoma provides member companies with the necessary services for business development in the following areas: Communication, Trade fair events, Training, Internationalisation, Lobbying, Technical standards, Studies and statistics.

The Italian Agricultural Machinery Manufacturers Federation, brings together, and represents in Italy and abroad, the associations of Italian manufacturers of digital systems and technologies for agricultural machinery and farmers (Agridigital), irrigation systems (Assoidrotech), implements (Assomao), self-propelled machines (Assomase), tractors (Assotrattori), components (Comacomp) and gardening machinery (Comagarden).

## DALLAI ERNESTO SRL

🏠 Via Marco Polo 15 | 42046 -  
Reggiolo (RE) - Italy

☎ +39 0522 210811

✉ trade@dallai.it

🌐 www.dallai.it

Dallai produces and sells QUICK COUPLING connection for irrigation and dewatering. All the product are designed and made in Italy. The company, with over 65 years of experience and professionalism, is among the leaders in the world market for irrigation couplings.

The image features a promotional graphic for DALLAI. At the top, a green banner contains the DALLAI logo, which consists of a stylized green 'D' icon above the word 'DALLAI' in white capital letters. Below the logo, the text 'DALLAI QUICK COUPLING EST.1959' is written in white capital letters. The main part of the image shows a large collection of various metal quick coupling fittings and connectors, including different sizes, shapes, and materials (some with green or orange accents). These components are arranged on a surface that has been painted with the Union Jack flag. At the bottom of the image, the text 'Made and designed in Italy for the UK' is written in a black serif font.

✉ info@festisrl.it

🌐 [www.festisrl.it/index.php/en/](http://www.festisrl.it/index.php/en/)

Since 1963 FESTI designs and manufactures self- propelled elevating platforms, diesel and electric driven, for fruit picking and orchard maintenance. Our self- propelled elevating platforms are used by all farmers who produce fruit on high or low trees, like apples, pears, peaches, plums, damsons, apricots, kiwi and so on. Besides fruit harvesting, our self- propelled elevating platforms are suitable to carry out all the operations involved in orchards, among them: pruning, thinning, installation of anti-hail nets and any other maintenance work. Constant research and innovation to ensure quality and versatility of use. Our self- propelled elevating platforms easily adapt to all types of crops, by meeting the harvesting habits and the needs of each farmer. FESTI offers self- propelled elevating platforms with a wide range for use: Our models are compatible with all specific requirements to comply with customers' harvesting needs and practices.
