e della Cooperazione Internazionale

# Italian Trade Agency - ITA

## TRADE AND INVESTMENT

OPEN DOORS TO A WORLD  
OF OPPORTUNITIES

ITA - Italian Trade Agency is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy. With a motivated and modern organisation and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion and training to Italian small and medium-sized businesses. Using the most modern multi-channel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world.

## FIND YOUR ITALIAN PARTNER

ITA - Italian Trade Agency supports the business development of Italian companies abroad, increases business opportunities, improves the image of 'Made in Italy', promotes industrial collaboration and foreign investment in Italy. Find your Italian partner is a business directory with virtual showcases of Made in Italy companies. We offer you an overview of Italian businesses, including company profiles, products images and details, website, business proposals and contact information. Foreign companies or agent interested in Italian products or looking for partnership with Italian companies, can access the database with the profiles, searchable by sector or product, and find a business partner.

# Air Tech Italy

Air Tech Italy is the leading Trade Association representing Italian companies specialized in solutions, products, technologies and services for airports, airlines and air traffic control.

We bring together best-in-class companies to deliver innovative integrated solutions using the latest technologies and the highest level of expertise.

We are the partner to international companies looking for best-in-class Made in Italy solutions, connecting them with Member companies to work together on new integrated solutions by combining the right products or the right technologies.

Air Tech Italy and its Members stand for Internationalization, Innovation and Sustainability.

Air Tech Italy was founded in July 2020 with the institutional patronage of ENAC (Italian Civil Aviation Authority), aiming to bring together the best-in-class Italian aviation-oriented companies.

Air Tech Italy supports its Member companies through networking, providing business intelligence, and organizing workshops, trade missions, and international trade fairs.
