18 - 24 May 2026

#### **Excavator Sales in April 2026**

According to statistics from the China Construction Machinery Association on major excavator manufacturers, 28,745 excavators of various types were sold in April 2026, a year-on-year increase of 29.8%. Domestic sales reached 16,920 units (including 11 electric excavators), a year-on-year increase of 34.9%; exports reached 11,825 units (including 16 electric excavators), a year-on-year increase of 23.2%. **(China Construction Machinery Association)**

#### **Loader Sales in April 2026**

According to statistics from the China Construction Machinery Association on major loader manufacturers, 15,432 loaders of various types were sold in April 2026, a year-on-year increase of 32.4%. Of these, domestic sales reached 8,411 units (including 5,273 electric loaders), a year-on-year increase of 17%; exports reached 7,021 units (including 302 electric loaders), a year-on-year increase of 57.4%. **(China Construction Machinery Association)**

#### **China's Construction Machinery Exports Up 24.3% in Q1**

The latest data from the China Construction Machinery Industry Association shows that in the first quarter of this year, China's construction machinery exports reached US\$16.066 billion, a year-on-year increase of 24.3%. In terms of exported products, tracked excavators, off-highway mining dump trucks, electric forklifts and lifting platforms, loaders, and concrete mixer trucks saw relatively rapid growth in export value. **(CCTV News)**

#### **China's construction machinery exports to all continents showed an upward trend**

In terms of export regions, China's construction machinery exports to all continents showed an upward trend in the first quarter of this year. Specifically, exports to Africa reached US\$2.825 billion, a year-on-year increase of 61.6%; exports to Europe reached US\$3.176 billion, a year-on-year increase of 20.6%; and exports to North America reached US\$1.151 billion, a year-on-year increase of 7%. **(CCTV News)**

#### **China's construction machinery exports have maintained rapid growth since the 14th Five-Year Plan**

The China Construction Machinery Association stated that since the 14th Five-Year Plan, China's construction machinery exports have maintained rapid growth, with export value increasing from US\$20.96 billion in 2020 to US\$60.169 billion in 2025, successively surpassing the US\$30 billion, US\$40 billion, US\$50 billion, and US\$60 billion milestones. **(CCTV News)**
