China introduced a package of measures to promote the development of private investment

China introduced a package of measures to promote the development of private investment. The notice released by the General Office of the State Council focuses on implementing a special action for the digital empowerment of small and medium-sized enterprises, and on allowing more qualified private investment projects to issue real estate investment trusts in the infrastructure sector. **(Xinhua)**

Beijing's urban construction has signed an important contract in Timor Leste

The contract for the Sao Paulo Water Supply System Upgrade Project in Timor Leste was officially signed in the presence of the Prime Minister and several ministers of Timor Leste. As the largest water supply project since the founding of Timor Leste, the project covers hundreds of thousands of residents and aims to comprehensively improve water intake, quality, and storage capacity. **(Seetao)**
