ITALIAN TRADE AGENCY

A CENTURY OF PROMOTING MADE IN ITALY WORLDWIDE

Trade Promotion Section of the Italian Embassy

ITA - Italian Trade Agency is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy.

With a motivated and modern organization and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion and training to Italian small and medium-sized businesses.

Using the most modern multi-channel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world.

Aithera Group

AITHERA
GROUP

■ Company Info

✉ info@aitheragroup.com

🌐 <https://aitheragroup.com/>

🌐 www.linkedin.com/company/aithera-ai-solutions

■ Key Contact

Francesco Puja

Founder & CEO

✉ francesco.puja@aitheragroup.com

☎ +39 349 8463057

■ Description

Aithera Group is redefining enterprise AI through a Hybrid Reasoning approach.

By combining predictive models with decision intelligence, we move beyond insights to enable explainable decisions and automated execution.

Our cognitive architecture empowers organizations to understand, decide, and act at scale across complex, real world environments.

BOXXDOCKS

■ | Company Info

- ✉ hello@boxxdocks.com
- 🌐 www.boxxdocks.com
- 🌐 www.linkedin.com/company/boxxdocks/

■ | Key Contact

- Alessandro Attanzio
CEO | Co-Founder
- ✉ alessandro@boxxdocks.com

■ | Description

BoxxDocks is a data-driven logistics platform delivering real-time asset visibility across supply chains.

Our product tracks and optimises asset movement, reducing loss, operational costs, and carbon emissions.

By turning physical operations into actionable data, we help enterprises improve efficiency, compliance, and decision-making at scale.

Bytek

Driving Modern Prediction

■ | Company Info

✉ info@bytek.a

🌐 <https://www.bytek.ai>

🌐 www.linkedin.com/company/bytek-marketing

■ | Key Contact

Paolo Dello Vicario
CEO

✉ paolo@bytek.ai

☎ +39 3663567343

■ | Description

Bytek has developed an AI-powered predictive platform, the Bytek Prediction Platform, designed to enrich first-party data and turn it into actionable intelligence. The platform applies predictive models directly to behavioral, CRM, and transactional data within the client's data warehouse, generating signals on predictive customer value, interests, and future behavior for activation across marketing, advertising, analytics, and customer experience systems.

Contents

■ | Company Info

- ✉ m@contents.com
- 🌐 <https://www.contents.com/>
- 🌐 www.linkedin.com/company/contentsdotcom/

■ | Key Contact

- Massimiliano Squillace
CEO founder
- ✉ m@contents.com
 - ☎ +39 339 6520679

■ | Description

Founded in 2021, Contents is an AI-powered SaaS platform that enables enterprises to orchestrate and govern the entire content lifecycle—from ideation to publication. LLM-agnostic and fully integrable with existing tech stacks, it streamlines workflows, ensures brand consistency, and improves efficiency across teams. Trusted by 3,000+ companies globally, Contents transforms fragmented content processes into scalable, intelligent systems.

FairMind

■ | Company Info

- ✉ Administration@FairMind.ai
- 🌐 www.fairmind.ai
- 🌐 www.linkedin.com/company/fairmind-sb

■ | Key Contact

- Mattia Nanetti
Co-founder, COO
- ✉ mattia.nanetti.fairmind.ai

■ | Description

FairMind makes enterprise software factories AI-ready through an Agentic Platform, Team Upskilling, and Harness Engineering. Our AI governance platform deploys five specialized agents (NOVA, SAGE, ATLAS, ECHO, TESS) across the full software development lifecycle, from requirements to tested code, governing existing AI coding tools like Cursor and Copilot through a shared and dynamic digital twin of the codebase that compounds intelligence over time. FairMind walks alongside your team through every step of the transformation.

Ganiga

■ | Company Info

✉ info@ganiga.it

🌐 www.ganiga.ai

🌐 www.linkedin.com/company/ganiga/

■ | Key Contact

Nicolas Zeoli

CEO and Founder

✉ n.zeoli@ganiga.it

☎ +39 327 006 7842

■ | Description

We use AI to turn waste into intelligence. Our systems recognize, sort, and track waste in real time, transforming a hidden cost into actionable data.

By merging sustainability with automation, we help organizations reduce inefficiencies, cut costs, and unlock measurable environmental impact at scale.

hiop

■ | Company Info

✉ hello@hiop.io

🌐 www.hiop.io

🌐 www.linkedin.com/company/hiop/

■ | Key Contact

Alice Zarantonello

Head of Strategy & Operations

✉ alice.zarantonello@hiop.io

■ | Description

Businesses make decisions faster than their data can follow. By the time the right numbers reach the right person, the moment has passed.

Hiop eliminates that gap.

Describe your business logic once – Hiop compiles it into live, self-adapting data pipelines that update automatically every time your operations change.

No engineering rework, no stale reports, no weeks of waiting.

The result: data that reflects reality when decisions need to be made.

Ideal Tech

■ | Company Info

✉ info@ideal-tech.io

🌐 www.ideal-tech.io/en

■ | Key Contact

Leandro Giacovelli

Growth Marketing Manager

✉ l.giacovelli@daicargroup.com

☎ +39 327 621 3985

■ | Description

Ideal Tech is a SalesTech company building intelligent solutions for sales transformation.

EuGenIA, our AI Sales Assistant, leverages advanced models to manage conversations across chat and voice, handling both inbound and outbound interactions.

It qualifies leads, validates data, and guides customers in real-time, seamlessly integrating with existing systems to enhance conversions and enable scalable, data-driven sales operations.

Inspectiondrone

INSPECTION  DRONE

AI vision, beyond limits

■ Company Info

✉ info@inspectiondrone.it
🌐 www.inspectiondrone.it/en
🌐 www.linkedin.com/company/inspectiondrone/

■ Key Contact

Marco Rimondi
Co-Founder & Board President
✉ marco.rimondi@inspectiondrone.it
☎ +39 335 6280815

■ Description

Inspectiondrone aims to combine drone, satellite and AI technologies to change the today infrastructure inspection methodology.

We target infrastructure concession/management companies (e.g.: motorways), general contractors, mid/big size engineering studios and Public bodies: basically, whoever is managing strategic ageing infrastructure. We offer inspection, to evaluate the infrastructure health status now, and in the future. Our services are easy, quick and repeatable. And it is harmless.

KOALA

■ | Company Info

- ✉ amministrazione@koala.it
- 🌐 <https://koala.it/it/>
- 🌐 www.linkedin.com/company/koalasrl

■ | Key Contact

- EMMANUELE MARIA PETRUZZIELLO
Chief Executive Officer (CEO)
- ✉ events@koala.it
 - ☎ +39 388 8286297

■ | Description

Koala is an innovative Energy Tech startup that develops digital solutions to enable decentralized energy systems. Its platform supports the creation and management of renewable energy communities, allowing users to monitor, share, and trade energy efficiently.

By combining technology and advisory services, Koala simplifies processes, enhances transparency, and maximizes the economic value of locally generated energy.

MalfyTech

■ | Company Info

✉ stefano.sina@malfy.tech

🌐 www.linkedin.com/company/107885459/

■ | Key Contact

Stefano Sina

CEO

✉ stefano.sina@malfy.tech

☎ +39 329 0927140

■ | Description

Founded by former Microsoft and AWS professionals, we are a boutique consulting firm that develops tailored AI solutions to optimize business processes.

We specialize in Computer Vision, AI assistants delivered through both chat and voice, and in automation of complex document driven workflows.

Mia-FinTech

■ | Company Info

- ✉ info@mia-fintech.io
- 🌐 <https://mia-fintech.io/>
- 🌐 www.linkedin.com/company/mia-fintech/

■ | Key Contact

- Federico Soncini Sessa
Co-founder Mia-FinTech
- ✉ federico.soncini@mia-platform.eu
 - ☎ +39 339 1639730

■ | Description

Mia-FinTech is the fintech startup redefining how regulated digital platforms are built. Its cloud-native suite empowers banks and FinTechs to rapidly develop, launch, and scale future-proof digital financial services, bridging legacy constraints and modern IT demands while ensuring regulatory alignment. Part of the Mia-Platform ecosystem, it delivers an AI-Native Developer Platform combining platform engineering, application composability, and data management at scale.

myBiros

■ Company Info

- ✉ info@mybiros.com
- 🌐 www.mybiros.com
- 🌐 www.linkedin.com/company/mybiros/

■ Key Contact

Lucrezia Guidone
Co-founder & CMO

- ✉ lucrezia.guidone@mybiros.com
- ☎ +39 327 0224374

■ Description

myBiros is a next-generation Intelligent Document Processing platform built to help companies save time and reduce costs. Powered by multimodal Small Language Models, it offers a specialized alternative to traditional OCR and generic generative AI. With high accuracy, real-time processing, ready-to-use APIs, and Human-in-the-Loop feedback, myBiros helps finance, insurance, and utility companies turn documents into business value.

Myndoor

■ | Company Info

- ✉ francesco.finazzi@myndoor.it
- 🌐 https://myndoor.it/?lang=en_us
- 🌐 www.linkedin.com/company/myndoor

■ | Key Contact

- Francesco Finazzi
CEO
- ✉ francesco.finazzi@myndoor.it
 - ☎ +39 327 0507525

■ | Description

Myndoor is an AI-powered platform that detects stress early by analyzing how people write and speak, turning everyday communications in tools like Slack and Teams into a private, continuous mental wellbeing signal.

Using a patented semantic model validated over 7+ years with clinical partners, it passively identifies rising stress before physical symptoms, enabling HR and healthcare providers to prevent burnout, reduce absenteeism and improve productivity through ESG-ready dashboards, APIs and wellbeing journeys.

OSENSE

Øsense®

■ | Company Info

✉ info@osense.ai

🌐 www.osense.ai

🌐 www.linkedin.com/company/weareosense/

■ | Key Contact

Cosimo Cecchini

CEO

✉ c.cecchini@osense.ai

■ | Description

Osense is the causal AI decision engine for the explainability era.

We combine proprietary ontology, knowledge graphs, and scenario simulation to turn complex enterprise decisions, across sustainability, risk, and finance, into traceable, defensible, finance-ready answers. No black boxes.

No scores. Just causal logic that boards, regulators, and investors can trust.

Backed by leading academic research and investors.

smartFAB

smartFAB

■ | Company Info

- ✉ info@smartfab.ai
- 🌐 www.smartfab.ai/
- 🌐 www.linkedin.com/company/smartfab/

■ | Key Contact

- Alessandra
COO
- ✉ alessandra@smartfab.ai
 - ☎ +39 333 6177070

■ | Description

smartFAB is an Italian deep-tech AI industrial analytics company that turns fragmented factory data into real-time, explainable operational intelligence.

Its platform connects existing ERP, MES, IoT, QA, and spreadsheet data to build a live digital twin, detect anomalies, predict risks, and guide operators, engineers, and managers with clear actions to reduce waste, improve OEE, stabilize processes, and accelerate decisions without heavy IT projects or data teams.

Snapall by TimelapseLab

■ Company Info

- ✉ info@snapall.io
- 🌐 <https://snapall.io/>
- 🌐 <https://linkedin.com/company/snapall>

■ Key Contact

Mattia Negri
Software Developer
✉ info@snapall.io
☎ +39 335 137 5089

■ Description

SnapAll is a real-time construction site monitoring software based on AI that simplifies industry 4.0 technologies for construction companies, and real estate investors.

It integrates with any Internet-connected IP camera, offering an intuitive interface for easy project tracking.

SnapAll ensures privacy by blurring sensitive data, supports safety regulations with PPE alerts, and creates automatic timelapse videos to transform project progress into engaging content.

Additionally, its Automatic Work Schedule feature enables efficient progress tracking and reporting.

Social Thingum (Social Things S.r.l.)

■ | Company Info

- ✉ info@socialthingum.com
- 🌐 www.socialthingum.it/en/
- 🌐 <https://it.linkedin.com/company/social-thingum>

■ | Key Contact

- Francesco Epifania
CEO
- ✉ info@socialthingum.com
 - ☎ +39 375 5201750

■ | Description

Social Things Srl is a consulting company that helps small and medium-sized enterprises remaining competitive in the market and improving the performance of various business activities through innovative technologies, particularly Artificial Intelligence, Machine Learning, and advanced Data Analytics.

Startex AI

■ | Company Info

- ✉ c.muca@startex.ai
- 🌐 www.startex.ai/site
- 🌐 www.linkedin.com/company/startex-ai/

■ | Key Contact

- Claudio Muca
COO & CO-founder
- ✉ c.muca@startex.ai

■ | Description

Startex AI is the autonomous origination engine for European mid-market M&A. It operates 24/7 on proprietary deal intelligence, active mandates, buy-sell signals, and untraceable opportunities invisible to the market.

The platform knows who is selling, who is buying, and connects them before anyone else reaches the table.

Qualified shortlists are delivered within hours, not months.

Every interaction compounds precision through a data flywheel. Startex doesn't assist the advisor, it puts them first in line on deals competitors will never see.

Strategic Management Partners

■ | Company Info

✉ strategicmp@strategicmp.it
🌐 www.strategicmp.it/
🌐 [www.linkedin.com/company/
strategicmanagementpartners/](https://www.linkedin.com/company/strategicmanagementpartners/)

■ | Key Contact

Diego Tessicini
Director
✉ diego.tessicini@strategicmp.it
☎ +39 340 287 4180

■ | Description

Strategic Management Partners is one of Italy's leading management consulting firms, deeply rooted in the industrial and services ecosystem and currently expanding across Europe.

It excels in digital transformation through IT strategies, governance models, and Artificial Intelligence solutions applied to business processes.

The firm supports growth through digitalization, innovation, and sustainability. It employs over 200 professionals in Italy and abroad.

UNGUESS

■ Company Info

- ✉ info@unguess.io
- 🌐 <https://unguess.io/>
- 🌐 <https://www.linkedin.com/company/unguess>

■ Key Contact

Lorenzo Fanetti
CCO
✉ lorenzo.fanetti@unguess.io
☎ +39 333 2749399

■ Description

UNGUESS helps companies test, evaluate and improve AI systems in real-world conditions. By combining human-in-the-loop workflows with AI-powered analysis, teams can run structured evals, detect hallucinations, bias and safety risks, and validate performance across diverse user scenarios. With GDPR-compliant data and continuous testing, UNGUESS enables reliable, scalable and trustworthy AI development.

WhoTeach (AItech4T S.r.l)

■ | Company Info

- ✉ info@aitech4t.com
- 🌐 <https://www.whoteach.it/en>
- 🌐 www.linkedin.com/company/whoteach-it/

■ | Key Contact

Francesco Epifania
CEO

- ✉ info@aitech4t.com
- ☎ +39 3755201750

■ | Description

WhoTeach is a B2B intelligent Digital Learning platform that helps training institutions and companies to create, generate and deliver online courses. The platform enables an easy management of synchronous and asynchronous training activities through the synergy between its components, their modularity and adaptability to various training contexts. It is equipped with two AI systems that support trainers and experts in creating and managing training paths.
