Welcome Address by the Ambassador of Italy to Thailand

COSMOPROF CBE ASEAN 2023 – which takes place in Bangkok for the second time after the success of last year's edition – is a celebration of beauty and innovation.

Italy has a long history in the global beauty industry and COSMOPROF – which originated in the city of Bologna – has greatly contributed to our companies' success worldwide. With each passing year, the fair has evolved into a beacon of innovation, a place where beauty enthusiasts and professionals can explore, discover, and push the boundaries of art and industry combined.

Last year, COSMOPROF CBE ASEAN saw the participation of 15 enterprises from Italy and their presence not only highlighted the exceptional quality of the Italian cosmetology products but also provided an opportunity for discovery and cooperation between Italy and the ASEAN market.

This year, we are pleased to witness the continued growth of this event, demonstrating the increasing interest of professionals and companies from the cosmetic sector, which is steadily growing in Thailand as well as in the other ASEAN countries.

I am sure that the Italian Pavilion will arouse great interest among the visitors. The 20 Italian companies partaking in COSMOPROF hail from a diverse spectrum of sectors, including skincare, haircare, colour cosmetics, beauty tools, and the intricate machinery that fuels the beauty product supply chain, embodying the very essence of Italian craftsmanship and innovation.

The Italian Embassy – thanks to the cooperation with the Italian Trade Commission – is committed to supporting and facilitating the Italian companies' endeavors, providing assistance in navigating the local market and finally fostering new collaborations between Italy and ASEAN.

I extend my deepest gratitude to each participant, collaborator, and enthusiast who has contributed to the success of this event!

*Paolo Dionisi
Ambassador of Italy to the Kingdom of Thailand*

Welcome Address by the Trade Commissioner of Italian Trade Agency Thailand

Dear visitors,

It is my great pleasure to invite you to visit the Italian Pavilion at COSMOPROF CEB ASEAN 2023, that hosts 20 Italian companies, involved in the beauty and cosmetics industry, organized by ITA in collaboration with the Embassy of Italy in Bangkok and Cosmetica Italia.

Italy has long been recognized as a global leader in the aesthetic industry which deepened in our culture. Our country's rich heritage in beauty and cosmetics is deeply rooted in centuries of tradition, passion, and the relentless pursuit of perfection through innovation and scientific for new formulation, especially towards the organic concepts of beauty.

On this occasion, I am delighted to inform you that visiting the Italian Pavilion at COSMOPROF CBE ASEAN 2023, you will have the opportunity to discover very interesting Italian beauty and cosmetics products, meeting directly the exhibitor's representatives who are ready to share with you the information you need to appreciate the high quality and innovation that characterize their production.

Between the displayed products, you will discover, in particular, the traditional-organic techniques to cutting-edge technologies in skincare and cosmetics, captivating fragrance, hair care, and machineries related to beauty products supply chain.

Furthermore, the Italian Pavilion also provides opportunities for networking, cooperation, and information exchanges via B2B meetings and a daily live product demonstration program that will be organized in collaboration with the esteemed local partners in beauty sector at our common lounge along 3-day of the trade show.

As the Italian Trade Commissioner in Bangkok, I, along with my staffs, will be present at the Italian Pavilion to provide any additional assistance and facilitate business contacts between you and the Italian firms, assisted by Cosmetica Italia, the personal care association, that represents the Italian cosmetics industry operating in manufacturing and distribution.

I sincerely wish you a great experience at COSMOPROF CBE ASEAN 2023.

*Giuseppe Lamacchia
Italian Trade Commissioner in Bangkok*

ITALIAN TRADE AGENCY

TRADE AND INVESTMENT

OPEN DOORS TO A WORLD
OF OPPORTUNITIES

L'ICE-Agenzia per la promozione all'estero e l'internazionalizzazione delle imprese italiane è l'organismo attraverso cui il Governo favorisce il consolidamento e lo sviluppo economico-commerciale delle nostre imprese sui mercati esteri. Agisce, inoltre, quale soggetto incaricato di promuovere l'attrazione degli investimenti esteri in Italia. Con un'organizzazione dinamica, motivata e moderna e una diffusa rete di uffici all'estero, l'ICE svolge attività di informazione, assistenza, consulenza, promozione e formazione alle piccole e medie imprese italiane. Grazie all'utilizzo dei più moderni strumenti di promozione e di comunicazione multicanale, agisce per affermare le eccellenze del Made in Italy nel mondo.

ITA - Italian Trade Agency is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy.

With a motivated and modern organization and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion, and training to Italian small and medium-sized businesses. Using the most modern multi-channel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world

Cosmetica Italia – the personal care association is the organization that represents the Italian cosmetics industry operating in both manufacturing and distribution. Its 640 members account for more than 95% of the turnover generated by the Italian cosmetics industry and are particularly focused on the “culture of wellness”. The turnover in 2022 exceeded 13.3 billion Euros, reaching 17 billion Euros with the entire chain.

Since 1967 Cosmetica Italia has been partnering with Italian companies, spurring their growth and development by providing qualified assistance in the areas of technical information, regulatory, economics, promotions, and internationalization.

The Italian cosmetics market is the third largest in Europe after Germany and France with a 2022 total consumption volume of over 11.5 billion Euros. The industry employs 36,000 people rising to 400,000 with the related industrial sectors.

Concentrating on the development and growth of the wellness industry, the Association focuses on those aspects that are more closely related to the market, to promotions and to processes of internationalization. Cosmetica Italia combines its traditional institutional mission with initiatives in various areas, including activities related to trade fairs in Italy and around the world: Cosmoprof Worldwide Bologna and Cosmopack, Cosmoprof North America in Las Vegas, Cosmoprof Asia in Singapore, Cosmoprof India in Mumbai, Cosmoprof CBE ASEAN in Bangkok, and the newly launched as of January 2024 Cosmoprof North America Miami in Miami.

OUR STORY

Best Color Cosmetics srl was created by Salvatore Izzo, its founder, who back in 1997 consolidated his experience in the world of cosmetics to develop a comprehensive make-up line using refined textures and top-quality, active ingredients. Sold at affordable prices, these products are 100% Italian.

OUR CONCEPT The concept behind our cosmetics exhales creativity and beauty - guaranteeing professional results - something Serena Izzo, the CEO's youthful daughter, is constantly reappraising. She heads the Marketing team and is responsible for product development.

SERENA IZZO

Hi! My name is Serena Izzo and I live for my dream. I am the daughter of Salvatore, the founder of this all made in Italy company, heart and initiative have accompanied me here: behind and inside the choices that today make Best Color make up a creature with a unique character, in which the careful cosmetics research meets Italian taste and quality.

THE BRAND

We pride ourselves on top-of-the-range packaging, latest-generation products, and low prices. What's more, we use sophisticated formulations fusing advanced, active ingredients with raw materials that care for your skin. Our promise, no ifs or buts.

Dermaser is an Italian cosmetic company founded in 2006 by dermatology professionals and experts in the Health & Beauty Care industry.

VISION

At Dermaser we aim to give people more awareness: on the products used, on the real needs of our body and on how to recognize quality and effectiveness to achieve that balance that our well-being seeks. The products of our brands are targeted, with a very high added value: our Vision is to pass this quality into your hands.

MISSION

We want to offer high value dermocosmetic products that contribute to maintaining everyone's well-being. Adjuvants in the treatment of the various imbalances to which the skin can be subject, cosmetics dedicated to the daily beauty routine and nutraceuticals for maintaining normal health.

Dermaser owns two main Brands: Hyalustar and Equiben

Hyalustar is the new beauty brand that combines elegance and technology to the daily beauty routine. It uses innovative ingredients to create the perfect bond between science and cosmetics. Thanks to complex research and development activities, we aim to leave our mark by proposing a range of skincare products with high added value, traceable to the use of an innovative and ultra-performing ingredient.

Equiben is our dermocosmetic brand. It promotes balance and well-being through a healthy lifestyle and products designed and dedicated to each skin type. It also supports informed consumer purchasing by providing clear and transparent details and sharing cultural and educational content on cosmetics.

This allow us to create products of the highest quality studied also for delicate and damaged skins that are totally appreciated and understood by the customer.

DUESAPHARM
SCIENCE BY NATURE

*Importer / Distributor in Thailand: **Searching for Importer / Distributor in Thailand***

Duesapharm was founded in 2012 in Trento, northern Italy, and specializes in the research and development of pharmaceutical and dermocosmetic products, with a focus on organic skincare and phytotherapy. We believe that creating a natural product means starting from the origin of the substances and the scientific rigor of the research that must follow the entire process. The full line of our catalog includes a wide range of products, from dermocosmetics, with lines of natural beauty treatments for body and facial care, to medical devices, sports products, supplements, tattoo and pet care.

Since the dawn of time, science and nature have been coexisting. Thanks to science, we can extract the best from nature, respecting its rhythms and the well-being of the planet. That is how we created the certified organic skincare line NOVA TERRA. A cucumber, a pumpkin, a carrot: from here we start to conceive a dermocosmetic that rediscovers the goodness and effectiveness of the fruits of nature.

ERBE SPEZIE FIRENZE 1314

Florentine Renaissance: the starting point - Natural skincare, makeup, and fragrances.

Erbe Spezie Firenze 1314 is a brand set up in Florence, completely made in Italy. A wide range of cosmetic products and perfumes marked by the natural and organic. The choice of a production strongly in tune with nature, has its roots in the mists of time. Medicinal herbs, aromatic spices and perfumed plants have, since the beginning of time, accompanied the journey of human beings. The deep traces left in Florence by the 'Medieval Guild of Medicinal Herbs and Spices', with its production of medicaments, poultices, ointments, cosmetics, perfumes and essences, reached its climax in the late Middle Ages with the publication of the so-called 'Florentine Recipe Book', a compendium of preparations extracted from plants, destined to influence all subsequent Italian and foreign research, the progenitor of contemporary natural cosmetics.

Cosmetics thus began their transformation from medieval alchemy into modern natural cosmetics. As early as the 16th century, our own Catherine de' Medici, a connoisseur of cosmetic formulations and mixtures of natural essences, exported these preparations and made them known to European courts. This rediscovered memory, with particular attention to ecology, has pushed us further towards a deep search for the plants and aromas that nature makes available to us.

Production is entirely carried out in Florence in our factory, carefully selected raw materials to guarantee the utmost respect for nature and the environment. We focus on Research and innovation. Our best sellers: high-performance skincare, make-up and fragrances. Our philosophy: efficacy, exclusivity, elegance.

We are Italian Company founded in January 2000 specialized in manufacturing mitts and backstraps for massage, body care, natural scrub, and hygiene. All our products are manufactured in our facility using 100% Natural yarns such as cotton, linen, hemp, and nettle.

All yarns above mentioned are raw, not bleached and absolutely not chemically treated.

No chemical treatments are used for the finishing of products.

Most of our production is GOTS Certified from October 2016.

All manufacturing, knitting, and sewing, is directly made by us in our own factory in the full respect of Italian and EU laws on job, safety, and environment.

Since 2009 our production is done using 100% Green Energy; most part of this energy comes from photovoltaic system located on the rooftop of our building.

In April 2021 we set up cooperation with an Italian Company to produce personal care brushes and we developed an essential range of products: nail brushes, bath brushes, sauna brushes and dry body massage brushes.

Physio Natura is a natural cosmetic brand of PDT Cosmetici, a project born 26 years ago in a galenic laboratory.

Physio Natura reflects the passion for the land in which is located, in fact it creates "Made in Italy" cosmetic products for face and body from the best ingredients of natural origin available in Puglia region and in Italy. Each active principle of formulations is the mirror and the identity of a specific place. Each ingredient is enhanced to restore to the skin the harmony and balance of nature following the principles of sustainability, respect for the environment and for people. All the Physio Natura products are free from Petrolatum, PEG, Silicones and Parabens and are Nickel and Dermatologically Tested.

The core activity of Physio Natura is nature itself, not only by using natural ingredients but also paying attention to environment protection with recyclable packaging and supporting the production logic of upcycling.

Physio Natura wants to provide natural aesthetics professionals with a wide range of knowledge, cosmetic products, and treatments capable of conveying harmony and well-being.

Planbio Cosmetics Srl

*Importer / Distributor in Thailand: **Searching for Importer / Distributor in Thailand***

Planbio Cosmetics is an Italian innovative Start-up, made up of pharmacists, cosmetologists and university professors. We have created and tested a cosmetic extract of pomace, which immediately showed an amazing beneficial activity on the skin. On this basis we thought of a brand, **UVIA** from the Italian name of the grape, which could contain our philosophy, our passion, our products. The idea behind the project, which then obtained funding from the European Community, was to create a line of innovative and high-performance natural cosmetics deriving from the circular economy. UVIA products are 100% MADE IN ITALY and the result of careful research, which respects fundamental values such as respect of people and of nature and we welcome all those who want to embrace our philosophy. Our team is a mix of youth and experience and it is thanks to this melting pot that we can look to the future with solid basis.

MAXXelle is a young and dynamic Italian brand, born in 2010 from a family business that is in its third generation of entrepreneurs, which has established itself in the professional haircare market, moving towards productions with strong natural characteristics.

The 100% Made in Italy products are based on the Natural Hair Care Attitude concept to adapt to the increasingly green needs of professional hairdressers and consumers, with the aim of providing a highly performing product even more than a synthetic product.

Motivated by this vision, Galenica was born in 2022. A new line of MAXXelle professional products containing ingredients of 100% natural origin with very high-performance standards, COSMOS ORGANIC certified.

Also in 2022 we launched Sikha on the world market, a new brand designed for millennials and the generation Z that combines professional hair care with technology and eco-sustainability.

*Importer / Distributor in Thailand: **Searching for Importer / Distributor in Thailand***

In 2004, after a 40-years' experience in our field, we decided to expand our core business coupling a wider machine production for gold industry with a new line of machines for cosmetics. This new field we ventured into recognized us and appreciated our work from the very beginning.

Care for details, precision and reliability are our characteristics in both fields.

Our cosmetic line includes lab equipment, plain or decorated powder moulds, industrial machinery as blender mills, sieving machines, powder pressing machines, side-injection machines and more.

Product name: Semi-automated powder pressing machine LV120B

Suitable for compact cosmetic powders (eyeshadow, blusher, face powder) into aluminium/tin plate pans.

Simple and intuitive, it's possible to choose among different standard matches such as pressing speed or pressure.

R.C.STAMPI DI ROBERTO CAMPANINI

Stand: D24

Address: Via Strada Statale 235, N.9

26835 Crespiatica, Lodi- Italy

*Importer / Distributor in Thailand: **Searching for Importer / Distributor in Thailand***

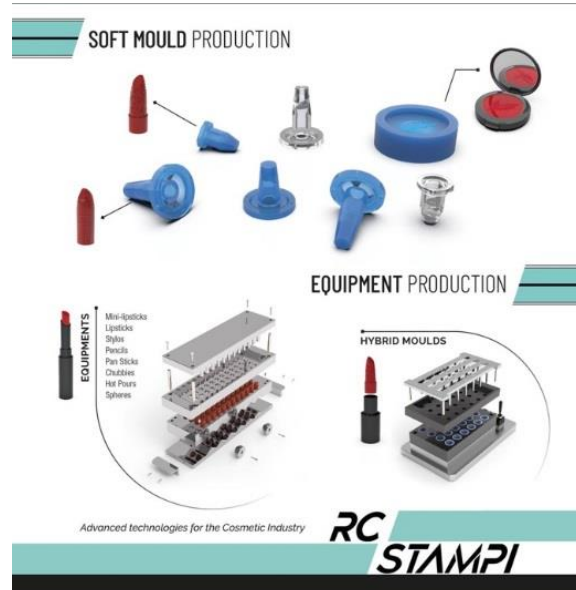

The RC STAMPI production of metal moulds and equipment for lipsticks and cast products ranges from the construction of the mold to the creation of laboratory and/or manual productions, up to the interlocking of fittings for production machinery.

We design and manufacture moulds for the cosmetics industry with the most modern technologies, knowledge of innovative materials and the skills acquired from 1999 to the present.

RC STAMPI dedicates great care to the construction of each mold to obtain the maximum aesthetic quality of the single cosmetic to be produced.

The construction and the assembly of all components take place completely inside the workshop.

This translates into speed, organizational efficiency and a "one-to-one" relationship with the customer, who can therefore rely to a single interlocutor at any time, from initial consultancy to after-sales support.
