**The Urban Expo & Forum** after two consecutive editions, the event situated as the only hub, where the Libyan Urban Development prospects are refined to become strategies and policies.

The aim is to have these debates open to the public and stakeholders from planners, architects, policymakers, and financiers, all these experts and more all keen to pursue a thrived future for the Libyan population.

In this edition of **the Tripoli Urban Exhibition and Forum 2023**, we will focus more on Libyan Architectural Heritage, and its importance to preserve the memory of the Libyan Cities. A photo gallery will be organized entitled “**Italian Rational Architecture in Libya**” in cooperation with the Cultural Center at the Italian Embassy in Tripoli. This will be an opportunity for a selective group of engineering consulting companies to participate in the exhibition, to urge them to conclude partnerships with international firms, to expand and acquire management skills, design, and supervise the current real estate development projects announced by the public and private sectors, The attendees will be from the following parties:

- ▶ **Ministries and state-owned executive bodies**
- ▶ **Banks, funds and investment portfolios**
- ▶ **Real estate development and investment companies**
- ▶ **Real estate brokerage and marketing companies.**
- ▶ **Federations of Chambers and Councils of Business Owners**
- ▶ **Professional organizations and unions**
- ▶ **Architectural and engineering consultancy firms and offices.**
- ▶ **Financial consulting companies and feasibility studies.**

**THE URBAN FORUM 2023** will include a series of activities including panel discussions and presentations, which will host experts visionaries and decision makers, to exchange opinions and ideas, to come up with a practical and realistic vision to achieve a sustainable urban revival.
