# ITALY @ SPECIALITY FOOD FESTIVAL

MONDAY 8 NOVEMBER 2021

## LEADING PRODUCERS FROM ITALY'S EURO 46 BILLION FOOD AND BEVERAGE INDUSTRY JOIN THE SPECIALITY FOOD FESTIVAL IN DUBAI

As one of Italy's most renowned areas of expertise, the country's food and beverage suppliers exported a record high of **Euro 46 billion worth of produce worldwide in 2020**, an **increase of 1.7%** from the previous year, despite the challenges faced during the height of the pandemic. This has resulted in **Italy being the 6th largest international food supplier**.

Thanks to a long heritage, a strong tradition in manufacturing food products and ingredients, while always placing quality before profit, and with a modern sustainable approach that increasingly aims to reduce the impact of production on the environment, Italy is now a superpower in the food and beverage industry. The **Italian agri-food industry is the 3rd most valuable sector** to the Italian economy and currently **employs 1.4 million people**.

**Italy is also the healthiest country in the world** with the largest number of certifications of origin of agri-food products in EU, resulting from an incredibly bio-diversified sustainable agriculture, known for transforming simple ingredients into the most loved iconic foods in the world.
