## Italian Trade Agency

### Trade Promotion Section of the Italian Embassy

The Italian Trade Agency (ITA) is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy. With a motivated and modern organization and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion and training to Italian small and medium-sized businesses. Using the most modern multi-channel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world.

ITA supports Italian businesses abroad and attracts foreign investment. The ITA Office in London organizes events to promote Italian companies at sector-specific trade in the UK fairs like Surface Design Show and CDW. Additionally, we collaborate with top Italian trade fairs, curating exclusive, invitation-only business trips for a select group of highly qualified architects, interior designers, journalists, and industry professionals to premier events like Salone del Mobile, MarmoMac, and Cersaie.

# INTERNI MAGAZINE

A monthly magazine distributed in 50,000 copies, published since 1954 as the first Italian periodical dedicated to interior decoration, INTERNI is today one of the main communication media in the field of Italian and international contemporary design, an essential working tool for professionals and design enthusiasts. In 2024, the magazine celebrated its first 70 years of publication, during which it had the good fortune to share in the fantastic and adventurous story of Italian furniture and decoration. It has closely monitored the growth of design generated by the brilliant intuitions and works of courageous and outstanding figures of culture, architects, designers and entrepreneurs. Beginning in the first half of the 1990s, the monthly magazine became part of Italy's leading publishing group, AME Arnoldo Mondadori Editore, and developed over time, under the editorship of Gilda Bojardi, a system of parallel publications that transformed the magazine from elite media to mass-media. INTERNI's activities also include the conception and coordination of events and exhibitions, organised with the aim of promoting encounters between designers, manufacturers and distributors. The famous FuoriSalone, an urban phenomenon that enlivens the city of Milan during the week of the Salone del Mobile, was created in 1990 on INTERNI's initiative, which in 2021 celebrated its 30th edition with the publication of Volume XXX-Y 30 anni di FuoriSalone | 1990-2020 Milano Design Stories (Electa). After the start of INTERNI's publications in

China (2015), expansions of international editions are planned. INTERNI was a communication partner of the Italian Pavilion at Expo 2025 Osaka | The Ideal City.
