Timeless Materials. Modern Vision. Italian Excellence.

Advancing Italy's legacy of design through creativity and technical excellence.

24 - 27 November 2025 | Dubai World Trade Centre

"Big 5 Global and Marble & Stone World remain essential platforms for showcasing Italy's strength in engineering, industrial systems, and construction technologies. This year, nearly 100 Italian companies will participate across both exhibitions - 58 at Big 5 and 40 at Marble & Stone World - demonstrating the depth of our industrial capability and the continued demand for Italian innovation in the region. Italian companies continue to hold a strong global position, with the construction technologies sector reaching €18.69 billion in production and €12.38 billion in exports in 2024. Our presence in the UAE, supported by initiatives such as OpportuniITALY, reflects our long-term commitment to the country's evolving infrastructure needs and to strengthening commercial ties with partners across the region."

MARBLE & STONE WORLD

Marble & Stone World is the region's leading event for the natural stone and ceramics industry, taking place in Dubai from 24–27 November 2025. It acts as a vital platform where architects, designers, suppliers, and contractors converge to discover the newest advancements in stone technology, machinery, and design applications. The event is hosted at the Dubai World Trade Centre, connecting international suppliers with regional buyers to source premium materials and luxury design products.

As an integral part of Big 5 Global, the exhibition offers a comprehensive look at the construction landscape. It is a dedicated marketplace showcasing an extensive array of products, from finished and unfinished stone to sophisticated processing machinery and maintenance solutions. The event empowers exhibitors to present their product pipelines to key industry players, fostering growth opportunities throughout the Middle East and Africa.

With a strong focus on innovation, the event highlights sustainable practices such as eco-friendly sourcing and processing methods. The programme also includes CPD-certified expert talks that provide valuable insights into emerging market trends and effective project management strategies, helping professionals stay ahead in a competitive industry. Attendees can also witness live demonstrations of new technologies that help streamline project execution and improve efficiency.

Throughout the four-day event, participants can engage in high-level networking, watch live product demonstrations, and join in technical discussions designed to foster collaboration. For quarry owners, manufacturers, and designers, Marble & Stone World provides the ideal environment to forge new business partnerships and shape the future of stone in architecture.

By bringing together the entire value chain, from producers to end-users, Marble & Stone World catalyses progress within the industry, enabling the creation of stunning and sustainable architectural projects across the region and beyond.
