ITA[®]
ITALIAN TRADE AGENCY

THE EXTRAORDINARY
ITALIAN TASTE

L'ICE-Agenzia per la promozione all'estero e l'internazionalizzazione delle imprese italiane è l'organismo attraverso cui il Governo favorisce il consolidamento e lo sviluppo economico-commerciale delle nostre imprese sui mercati esteri. Agisce, inoltre, quale soggetto incaricato di promuovere l'attrazione degli investimenti esteri in Italia.

Con una organizzazione dinamica motivata e moderna e una diffusa rete di uffici all'estero, l'ICE svolge attività di informazione, assistenza, consulenza, promozione e formazione alle piccole e medie imprese italiane. Grazie all'utilizzo dei più moderni strumenti di promozione e di comunicazione multicanale, agisce per affermare le eccellenze del Made in Italy nel mondo.

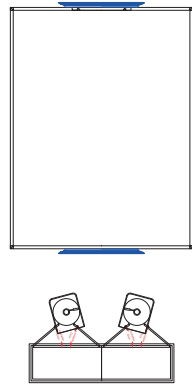

ITA - Italian Trade Agency is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy.

With a motivated and modern organization and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion and training to Italian small and medium-sized businesses. Using the most modern multi-channel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world.

BACHET

Products presented:

Savoury Line: Grissini, Schiacciatine, different flavours of Crisbread.
Sweet Line: Cakes with dried fruits (almond and hazelnut), Pies with Italian jam, Panettone and Colombe.

Company profile:

Our bakery has a long family tradition, in fact it was born in 1923. Artisan production has always been our main characteristic and we have resisted any innovation that would have prevented

our products from being nutritious and natural. The knowledge has been handed down for three generations: continuity and quality are therefore guaranteed.
Certifications: BioAgricert, IFS

Products presented:

PDO organic Montasio cheese, organic Latteria cheese, organic 'Frico'.

Company profile:

Friulian Organic Dairy is the brand with which the organic farm "La Sisile" distributes its certified ORGANIC cheeses and HAY MILK. Our daily commitment is to produce quality dairy products, in Turrída di Sedegliano (Udine), using only the organic raw milk of our cows and selected and guaranteed raw materials. We offer quality and genuine products obtained through ecologically sustainable production processes and the use of energy produced from renewable

sources. From our traditional craftsmanship, we have invested in the use of new equipment. From 2014 the farm 'La Sisile' started the conversion process to become an organic farm, obtaining the BIO certification in 2016, an important step towards sustainability and good agriculture. In 2019 it was the first company in the Friuli Venezia Giulia region to obtain the TSG-certification 'Traditional Specialty Guaranteed' for its hay milk.

PASTA DI LIGURIA

Products presented:

Bronze-extruded, vegan, classic Italian and regional speciality ambient pasta products: including Trofiette, Trenette, Fregola, Bucatini, Lasagne, Spinach Taglierini and Chestnut pasta.

Company profile:

Pasta di Liguria is an authentic Italian, regional specialty pasta selection made by the Minaglia family from their BRC and IFS certified facility, Pastificio Alta Valle Scrivia in the Ligurian Apennine mountains in Italy. From their state of the art facility they maintain age-old artisan techniques to produce a variety

of organic specialty ambient pasta both branded and private label in a variety of packaging options. Their unique selection is made with 100% Italian ingredients and groups together some of the most iconic and unique pasta types that Italy has to offer.

GIAS

Products presented:

Frozen vegetables, ready meals, pizza, salads.

Company profile:

GIAS SRL has been operating in the production and sale of frozen food for more than 50 years. It supplies Retail, Food service and Industry channels, offering its customers a wide range of high quality Italian products such as ready meals, soups, vegetables and gluten free baked products like crusts and pizzas. The company is particularly oriented towards Private Label, with a strong focus on developing customized

programmes for its domestic and international customers. By continuously investing in R&D and with the right mix of innovation and tradition, GIAS can consistently bring to the market tasty and healthy products focused on new market requests. All the products are free of preservatives, artificial flavours and artificial colours and quality and traceability are guaranteed by directly following the horticultural supply chain.

MOLINO SIMA

Products presented:

Organic soft, durum, spelt flour. Gluten free flours. Legume flours.

Company profile:

MOLINO SIMA is the first and major Italian 100 % biodedicated milling plant and the main producer of organic soft wheat flour, spelt flour, dicoccum, durum wheat and gluten free flours.

MOLINO SIMA is a large farmer cooperative, which today has become one of the biggest in Italy. We also belong to the Giulio Bellini agricultural cooperative. Production of biological flours with our brand and private

label for the major industries, organic distributors and retail chains specialized in bio products distribution, both in Italy and overseas.

Thanks to our packaging flexibility (bulk, big bag, 25kg bags, 5kg bags up to 1kg paper bags) we are now leaders in this field, providing the biggest distribution of organic products in Italy and in foreign countries.

BUONONATURALE

Products presented:

Rice, risottos, preserves, pasta, sauces, pestos, creams, etc.

Company profile:

Considering the growing need for a safe and sustainable lifestyle, buononaturale responds by piecing together stories from Italy's healthy agricultural tradition. With a focus that can be summed up as wellbeing achieved by eating well, the buononaturale range includes many of the Italian food specialities that the modern consumer loves.

The innovation underlying the buononaturale brand is expressed on

various levels: business decisions aimed at preserving the natural element of the ingredients; the reformulation of classic Italian recipes to meet modern consumers' expectations by offering them historical flavours that are, however, easy to recreate or without animal derivatives; the promotion of the craftsmanship behind the most distinctive parts of certain production processes.

Products presented:

Organic Pasta - Organic Food.

Company profile:

Girolomoni's organic pasta history begins in 1971 with Gino Girolomoni, a pioneer of organic farming and founder of the farmers Co-op, that today counts 300 organic farmers and a turnover of 18 million €. Girolomoni's uniqueness is the control of the whole production chain by the farmers, growing their own organic wheat, grinding it in their mill and transforming into delicious pasta in their pasta factory. Prime raw materials and a slow drying process are the key ingredients for a pasta that is good for people and for the planet, thanks to the

sustainable paper packaging and the eco-friendly lifestyle.

We produce organic durum wheat semolina pasta and pasta with ancient grains: emmer wheat, Cappelli and Khorasan. All pasta recipes are available under our own brand or under private labels. We are IFS (Higher Level) and Kosher certified. Since January 2023 we are a member of the WFTO, which guarantees the fair practices of our full supply chain.

CERRETO ORGANIC

Products presented:

Organic legumes, grains, seeds, herbs and spices, soups, ready to cook meals, quick meals, precooked grains and legumes, nuts, seaweed.

Company profile:

Our story began in 1976 in Emilia Romagna, the heart of the Italian Food Valley. In the 1990s Cerreto Organic started its production and large-scale retail distribution of herbs, seeds, legumes, and more, establishing itself over the years as one of the leading companies in the field of agri-food production. Today Cerreto Organic has established itself as a pioneer in the field of certified organic food, thanks to the distribution of innovative products and its customer service. Our mission is to offer a complete range for Organic Lovers with the taste of homemade food and the ability to guarantee a controlled selection.

Organic almonds.

Company profile:

Nutfruit put itself forward as a reference point in the creation of a vertical production chain of almonds, which enriches the production processes already established in the Italian territory. Our core business is organic almond production, and we also produce traditional agricultural products with high quality standards.

All our greatest achievements are the result of teamwork. The success of our company comes from the collaboration and commitment of many people, from those who select the best seedlings, to those who cultivate them with care, to those who transform our almonds making them unique products.
