LA GERMANIA CONTINUA AD ESSERE IL PRINCIPALE PARTNER COMMERCIALE DELLA MACEDONIA

Secondo i dati preliminari dell'Ufficio nazionale di statistica, il valore totale delle esportazioni di beni dalla Macedonia nel periodo gennaio-dicembre 2017 è pari a euro 5.007.196.000, in aumento del 15,6% rispetto all'anno precedente, mentre il valore delle merci importate nello stesso periodo è di euro 6.824.916.000, con un incremento dell'11,7%. Gli articoli maggiormente esportati continuano ad essere quelli prodotti nelle zone franche e nella fabbriche che lavorano per conto terzi.

In base ai dati sui volumi del commercio con l'estero nel periodo gennaio-dicembre 2017, si evince che i principali partner commerciali della Macedonia sono stati la Germania, la Gran Bretagna, la Grecia, la Serbia e la Bulgaria.

VARATO DAL GOVERNO IL NUOVO PROGRAMMA DI SVILUPPO RURALE

È stato varato dal governo il nuovo programma per il sostegno dello sviluppo rurale che, con uno stanziamento di 35 milioni di euro, si pone l'obiettivo di aumentare la competitività della produzione e di migliorare le condizioni di vita nelle aree rurali.

La maggior parte dello stanziamento è destinata ai pagamenti diretti ai produttori agricoli, in base al programma di sovvenzioni all'agricoltura per il 2018, ma prevede anche importi destinati a risarcire i danni causati da calamità naturali e avverse condizioni climatiche nel periodo 2016-2017.

Il programma prevede anche assistenza finanziaria per la costruzione di nuove strade locali, sistemi di approvvigionamento idrico e infrastrutture nelle aree rurali.

Il programma di sviluppo rurale prevede inoltre di sovvenzionare il 50% dei tassi di interesse bancari sui prestiti agricoli, concessi per la creazione di nuovi vigneti e frutteti, per l'acquisto di bestiame, di macchinari e di sistemi di irrigazione. Sono infine previste misure a sostegno dei giovani agricoltori.

EMENDAMENTI ALLA LEGGE SULLE ZONE INDUSTRIALI - COSIDDETTE ZONE VERDI

Il Ministero dell'Economia sta preparando gli emendamenti alla legge sulle zone industriali - zone verdi allo scopo di rivitalizzare queste zone e di renderle più interessanti per gli investitori.

Le principali novità che verranno apportate riguardano i soggetti che potranno creare e gestire le zone, le procedure per la costituzione delle zone verdi, l'alienazione e la locazione di lotti all'interno delle zone, la ridefinizione dei tipi di attività e delle condizioni per operare all'interno dell'area, l'introduzione di benefici per gli utenti nella zona e l'istituzione di un registro unico delle zone industriali e verdi.

AUMENTA LA DOMANDA DI FINANZIAMENTI E PRESTITI

La domanda di finanziamenti da parte delle aziende nell'ultimo trimestre del 2017 è stata più dinamica rispetto al periodo precedente e le banche prevedono che la domanda sia destinata ad aumentare anche nei prossimi mesi. Incrementa anche la domanda di prestiti ai cittadini e dei mutui per acquisto casa. Nel periodo esaminato si nota una maggiore facilità di accesso al credito e le condizioni più favorevoli dovrebbero persistere anche nei prossimi tre mesi. Le banche indicano come più favorevoli i fattori legati ai tassi di interesse, mentre i fattori legati all'importo, alla durata e ad altre caratteristiche dei finanziamenti disponibili rimangono relativamente stabili.

NUOVO SISTEMA INFORMATICO PER LA GESTIONE DEL CONSUMO ENERGETICO PER LE FERROVIE MACEDONI

La Banca europea per la Ricostruzione e lo Sviluppo (BERS) ha pubblicato la gara d'appalto per l'acquisto di un nuovo sistema informatico per la gestione integrata del consumo energetico per le Ferrovie macedoni, che consentirà di ottimizzare i consumi di energia dell'intera rete ferroviaria macedone. Dal 18 al 20 febbraio a Tirana si è svolta una missione imprenditoriale guidata dal Sottosegretario allo Sviluppo Economico, Ivan Scalfarotto, promossa dai Ministeri dello Sviluppo Economico e degli Affari Esteri e della Cooperazione Internazionale e organizzata da ICE Agenzia in collaborazione con Confindustria, ABI, Conferenza delle Regioni e delle Province Autonome, Rete Imprese Italia e Unioncamere, con l'obiettivo di approfondire le opportunità commerciali e di investimento per le aziende italiane in Albania.

Insieme alla Missione di sistema si è svolta anche l'iniziativa organizzata nell'ambito del programma Piano Export Sud 2 e del Programma promozionale di ICE Agenzia, con l'obiettivo condiviso di promuovere le azioni di partenariato nei Paesi dei Balcani occidentali, con focus su Macedonia, Albania e Kosovo, nei settori infrastrutture, energia, ambiente e agroindustriale.

Agli operatori italiani, oltre 170 tra aziende, associazioni e banche, è stata offerta una panoramica sulla situazione attuale e i programmi di sviluppo. Per la parte italiana, accanto al Sottosegretario Scalfarotto, sono intervenuti al business forum

l'Ambasciatore a Tirana Alberto Cutillo, il Presidente dell'Agenzia ICE Michele Scannavini, il Presidente di Confindustria Vincenzo Boccia, il Vice Presidente ABI per l'internazionalizzazione Guido Rosa, l'Amministratore Delegato di SACE Alessandro Decio, l'Amministratore Delegato di Simest Alessandra Ricci e il Presidente di Finest Mauro Del Savio.

Sono intervenuti inoltre alti rappresentanti politici albanesi: il Premier Edi Rama, il Ministro delle Finanze e dell'Economia, il Ministro di Stato per la tutela delle imprese, il Ministro delle Infrastrutture e dell'Energia e il Ministro dell'Agricoltura e dello Sviluppo Rurale.

Una sessione specifica è stata dedicata agli strumenti finanziari messi a disposizione dalla cooperazione italiana (AICS) e dagli organismi internazionali (UE, Bers, Banca Mondiale, WBIF). L'approfondimento ha coinvolto anche le opportunità di investimento e di sviluppo dello scambio commerciale in Macedonia e in Kosovo. In questa parte è intervenuto il Consigliere di Stato presso l'Agenzia macedone per gli investimenti e la promozione dell'export, Ivan Iliev, il

quale ha illustrato, oltre al già noto ottimo clima per gli investimenti esteri in Macedonia, anche alcuni dettagli del nuovo programma governativo di incentivi finalizzati al sostegno dello sviluppo economico e dell'imprenditoria.

Grande il riscontro da parte degli operatori locali, con oltre 400 partecipanti albanesi, macedoni e kosovari che hanno preso parte alla sessione dedicata agli incontri bilaterali.

La delegazione macedone era composta da rappresentanti di 11 istituzioni governative, enti pubblici e del settore privato.

Oltre al rappresentante dell'Agenzia per l'attrazione degli investimenti esteri, che è intervenuto nella parte seminariale, sono stati presenti anche rappresentanti del Ministero macedone dell'ambiente, dell'Ente pubblico per l'approvvigionamento di acqua e per la gestione delle acque reflue di Skopje, l'Ente pubblico per i trasporti urbani di Skopje, La camera di commercio delle piccole aziende del settore energetico, le società di ingegneria Civil Ingeneering Institut GIM e Geing Krebs und Kiefer, le società del settore ambiente Pakomak, Tehnolab e Oskarplast e Link Solutions del settore innovazione e green energy.

I rappresentanti dell'Ufficio ICE di Skopje, che hanno accompagnato la delegazione macedone e assistito le aziende durante la permanenza a Tirana, hanno avuto interessanti incontri con aziende italiane interessate ad approfondire le opportunità di ampliare le loro attività commerciali anche al mercato macedone.

La delegazione macedone ha totalizzato oltre ottanta incontri bilaterali con aziende italiane interessate a conoscere potenziali partner in Macedonia nei settori di loro interesse.

Tutti i membri della delegazione macedone hanno espresso soddisfazione per la qualità delle aziende italiane presenti e apprezzamento per l'opportunità offerta da ICE, di conoscere potenziali partner italiani per progetti congiunti da sviluppare in Macedonia.

Oltre ai complimenti agli organizzatori dell'iniziativa, per l'ottima organizzazione tecnica, logistica e dei contenuti, i delegati hanno espresso anche l'auspicio che eventi del genere, bilaterali o regionali, possano organizzarsi sempre più spesso, in quanto costituiscono una preziosa occasione di trovare i partner giusti con cui avviare collaborazioni concrete.

Linda Shakiri, EP per la gestione delle acque della Città di Skopje

“Vorrei ringraziare ICE Agenzia per averci offerto l'opportunità di partecipare all'iniziativa, peraltro organizzata in modo eccellente in tutti gli aspetti: dall'accoglienza e l'ospitalità, alla parte operativa e anche quella informale. L'evento è stato un'ottima occasione di incontrare in un unico posto un elevato numero di aziende italiane con cui avviare un primo contatto per eventuali collaborazioni future. Abbiamo approfittato dell'occasione anche per attività di networking con enti e aziende della regione, che è molto importante per lo sviluppo regionale. Mi auguro che ci siano occasioni simili anche in futuro.”

Magdalena Trajkovska, Tehnolab:

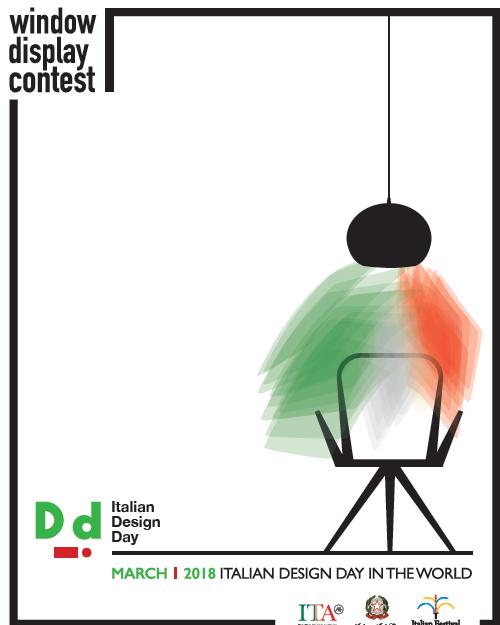

“Abbiamo incontrato tutte le aziende con cui avevamo richiesto l'incontro, ma anche alcune altre, fuori agenda. E' stata un'ottima occasione per creare solide basi per future collaborazioni con aziende operanti nel nostro settore. Con una delle aziende incontrate abbiamo già concordato la collaborazione per la partecipazione in JV ad una gara d'appalto in corso. Riteniamo che l'evento sia stato organizzato molto bene e abbiamo avuto l'impressione che anche le altre aziende partecipanti condividessero le nostre ottime impressioni.”

IPA – STRUMENTO DI ASSISTENZA PREADESIONE

Attraverso lo strumento di preadesione IPA, l'Unione Europea sostiene le riforme nei Paesi candidati all'allargamento con contributi finanziari e tecnici. Il primo programma IPA I 2007-2013 aveva messo a disposizione dei Paesi beneficiari un totale di 11,5 miliardi di Euro, il secondo programma IPA II ne ha destinati 11,7.

L'assistenza fornita nel periodo 2007- 2013, attraverso le cinque componenti IPA, è pari a 622,5 milioni di euro.

I progetti finanziati dall'UE coprono una serie di aree e variano per modalità di attuazione, budget e numero di esperti coinvolti: dai grandi progetti infrastrutturali e ambientali, del valore di decine di milioni di euro, a piccoli grants alle ONG che lavorano a livello locale, all'acquisto di attrezzature per le varie unità amministrative tecniche. Finora, più di 400 progetti finanziati dall'UE sono stati completati o sono in corso di attuazione in Macedonia.
