NOTIZIE

Le notizie riportate sono state pubblicate da ICE Skopje nel Notiziario web giornaliero sul sito ICE, dove informazioni su economia, commercio, affari, opportunità, ecc., vengono caricate in tempo reale dalla rete estera dell'ICE-Agenzia. Il notiziario è consultabile on-line, nell'elenco e con la funzione Ricerca notizie. Con la funzione Creare il proprio notiziario si può sottoscrivere la ricezione automatica di notizie sulla propria casella di posta elettronica, filtrate per area geografica e settore.

PUBBLICATO UN NUOVO BANDO PER CONTRIBUTI DEL PROGRAMMA IPARD II

Il 26 dicembre 2018 l'agenzia nazionale per il sostegno finanziario dello sviluppo rurale e dell'agricoltura ha pubblicato il terzo bando per la presentazione delle domande per usufruire dei contributi nell'ambito del Programma IPARD II.

In questo bando sono stati messi a disposizione 11.880.000 euro per il rimborso del 60% del valore delle spese eleggibili sostenute per investimenti in beni strumentali per le aziende agricole, previa approvazione del progetto di investimento da parte dell'Agenzia. La percentuale rimborsata può raggiungere il 65% per domande presentate da agricoltori giovani (18-40 anni di età) e il 70% per aziende agricole in zone di montagna. La pubblicazione in lingua macedone è disponibile a questo [link](#). La scadenza per la presentazione delle domande è il 9 febbraio 2019.

A DISPOSIZIONE NUOVI 22 SITI PER PICCOLE CENTRALI IDROELETTRICHE

Il Ministero dell'Ambiente ha pubblicato il bando di gara per l'assegnazione delle concessioni per l'utilizzo delle risorse idriche per la produzione di energia elettrica. Sono a disposizione 22 siti per la costruzione di piccole centrali idroelettriche in concessione per 23 anni.

Gli investitori interessati devono presentare le loro offerte entro il 20 febbraio 2019. La selezione sarà eseguita secondo la formula in cui le variabili principali sono la capacità minima installata e il compenso da corrispondere allo stato.

Maggiori informazioni in lingua macedone sono disponibili al seguente [link](#)

PROGRAMMA DEL GOVERNO SULLE PRIORITÀ STRATEGICHE PER IL 2019

Il Governo macedone ha approvato la bozza di programma per la realizzazione delle priorità strategiche nel 2019. Le priorità riguardano lo sviluppo economico, la crescita dell'occupazione e del tenore di vita dei cittadini, il percorso verso l'UE e la NATO, la lotta indiscriminata alla criminalità e alla corruzione e il rafforzamento dello stato di diritto mediante la costruzione di istituzioni indipendenti e un sistema efficiente di amministrazione locale.

Secondo il comunicato stampa diramato dal governo, le priorità strategiche comprendono anche la riforma del sistema scolastico e investimenti in innovazione tecnologica e IT, le attività finalizzate alla riduzione dell'inquinamento dell'aria, la riforma del sistema giudiziario, la piena attuazione dell'accordo quadro di Ohrid e la costruzione di una società civile e di coesione etnica secondo i principi della tolleranza e del rispetto reciproci

PRESENTATA AL PUBBLICO LA STRATEGIA NAZIONALE PER I TRASPORTI

Il collegamento ferroviario dalla stazione centrale all'aeroporto di Skopje è solo uno dei progetti contemplati nella Strategia nazionale per i trasporti per il periodo 2018-2030, approvata il 28 dicembre dal Governo e presentata in conferenza stampa il 18 gennaio dal Ministro Sugareski e i suoi collaboratori. Il documento strategico comprende un piano di attuazione con oltre 100 attività e un budget stimato di circa 4,2 miliardi di euro, da realizzare entro il 2030.

La strategia si basa su quattro obiettivi da raggiungere entro il 2030: la riduzione del 50% degli incidenti mortali, la riduzione del 18,6% delle emissioni di gas serra, il miglioramento della sostenibilità economica del settore a livello nazionale e il completamento dell'infrastruttura stradale e ferroviaria della rete complessiva Seeto.

Tra i progetti relativi alla rete stradale ci sono anche la costruzione delle autostrade Skopje-Blace, Gostivar-Kicevo, Kicevo-Ohrid, Kriva Palanka-Deve Bair e Strumica - confine con la Bulgaria. Il documento strategico prevede inoltre la ricostruzione della rete stradale lungo il Corridoio X e il potenziamento delle strade regionali Kumanovo-Stracin e Struga-Kjafasan. Si prevede anche il completamento della bretella X-d, ovvero il collegamento stradale da Negotino fino Medzitlija, al confine con la Grecia.

Quanto alla rete ferroviaria, la strategia prevede che entro il 2030 debba essere messo in funzione il collegamento ferroviario con la Bulgaria e completata la costruzione del collegamento con l'Albania, per il quale è prevista la nuova linea ferroviaria da Kicevo a Lin. La strategia nazionale prevede anche attività per la ricostruzione della linea ferroviaria da Skopje al valico di frontiera di Blace, al confine con il Kosovo.

Tra i progetti da attuare entro il 2030 vi è anche lo sviluppo del trasporto urbano sostenibile ed ecologico e la costruzione di un nodo multimodale nella periferia di Skopje.

SKOPJE: SMART LIGHTING, PRIMO PASSO VERSO LA SMART CITY

La città di Skopje intende introdurre una piattaforma per smart city e il primo progetto sarà l'acquisto e l'implementazione di un sistema di smart lighting.

La piattaforma smart city consentirà raccolta, la trasmissione e l'elaborazione di dati inerenti al funzionamento della città, tra cui l'illuminazione, i parcheggi, il sistema di monitoraggio della qualità dell'aria, il monitoraggio del consumo dell'acqua ed altro.

Il sistema di smart lighting, la prima iniziativa nell'ambito di questo progetto, prevede l'installazione di 9.286 lampade LED, che porterebbero ad un risparmio di energia elettrica fino al 70% rispetto al sistema attualmente utilizzato.

La Città di Skopje ha pubblicato un invito al dialogo tecnico al quale le aziende del settore possono partecipare con osservazioni e proposte tecniche. In base alle informazioni raccolte, seguirà la gara per selezionare l'azienda che si occuperà dell'introduzione della piattaforma e dello smart lighting. Il costo stimato del progetto è di circa 5 milioni di euro e sarà finanziato dal budget della città.

SKOPJE AVRÀ UN NUOVO PARCO SUL FIUME VARDAR

Il comune di Karposh, uno dei comuni centrali nella città di Skopje, ha informato di voler avviare nel 2019 il progetto per la creazione di un nuovo parco sui terreni in disuso lungo il fiume Vardar. Il valore di questo progetto ammonta a circa 900.000 euro e inizialmente sarà finanziato con fondi propri del comune e con un contributo UE, mentre nella seconda fase sarà necessario provvedere ad ulteriori finanziamenti. I lavori, che dovrebbero essere completati entro il 2020, prevedono la creazione di nuove aree verdi, aree per la ricreazione e campi sportivi e un passaggio pedonale sopraelevato.

NUOVA MINIERA DI LIGNITE PER LA CENTRALE TERMOELETTRICA DI BITOLA

Nelle prossime settimane ELEM pubblicherà una gara per la progettazione delle attività relative allo sfruttamento del giacimento di lignite Zivojno e il relativo studio sull'impatto ambientale.

Secondo i dati della società statale ELEM, questo giacimento, situato a 20 km dalla miniera Suvodol, nei pressi della frontiera con la Grecia, dispone di circa 21 milioni di tonnellate di lignite sfruttabili (oltre 100 milioni di tonnellate di riserve geologiche totali).

Con una produzione annua di circa un milione di tonnellate di lignite, questa miniera può garantire il funzionamento continuo della centrale termoelettrica REK Bitola.

Secondo le stime, il progetto per l'attivazione della nuova miniera costerà circa 100 milioni di euro.

A TETOVO SI INVESTE NELLO SMALTIMENTO DELLE ACQUE

Si prevede per aprile 2019 la pubblicazione della gara d'appalto per la costruzione dell'impianto di depurazione delle acque reflue e per l'ampliamento della rete fognaria nel comune di Tetovo. Il progetto, finanziato nell'ambito del programma IPA2, prevede la costruzione di tre principali sistemi di raccolta per una lunghezza complessiva di 19 km e la costruzione di una rete secondaria per le acque nere per oltre 32 km.

Questo progetto è di importanza cruciale non solo per questa zona, che da molti anni non vede importanti investimenti in questo settore, ma anche per le altre città lungo il fiume Vardar, principale recipiente delle acque trattate.

AUTOSTRADA SKOPJE-BLACE ENTRO IL 2023

Entro febbraio 2019 sarà avviata la procedura per la costruzione dei primi 2 km dell'autostrada che collegherà la capitale macedone con il confine con il Kosovo. Con gli altri 10,5 km si procederà invece una volta predisposta la nuova documentazione tecnica, in quanto quella esistente, datata 2002, non corrisponde più alla situazione reale sul campo.

Questo è quanto dichiarato dal Ministro dei trasporti, Sugareski, in occasione della presentazione al pubblico della nuova Strategia nazionale per il settore dei trasporti. La lunghezza complessiva dell'autostrada Skopje-Blace è di 12,3 km, il costo stimato del progetto ammonta a circa 110 milioni di euro e si prevede che possa essere realizzata entro il 2023.

PIANO DI MOBILITA' URBANA SOSTENIBILE PER LA CITTA' DI VELES

La città di Veles ha incaricato la società slovena Appia Doo di predisporre un piano per la mobilità urbana sostenibile per il periodo 2018-2030. Lo studio dovrà contenere un'analisi dettagliata del traffico e della viabilità, dei modelli di trasporto, del trasporto pubblico e urbano e rappresenterà un piano di sviluppo strategico per l'urbanizzazione e la mobilità, l'efficienza energetica e l'ambiente nei prossimi 12 anni.

PROSEGUONO LE ATTIVITA' PER LA METANIZZAZIONE DELLE PICCOLE CITTA'

Anche la città di Radovis si sta preparando alla metanizzazione. Nei prossimi sei mesi la società macedone Fibis lavorerà sul progetto per la costruzione della rete secondaria per la distribuzione del gas per una lunghezza di 7 km. Il collegamento con il gasdotto nazionale non è ad oggi disponibile e fa parte del gruppo di progetti per i quali non è ancora stata definita una copertura finanziaria.

ATTIVITÀ PROMOZIONALI ICE AGENZIA

Napoli, 5-6 febbraio 2019

Workshop settore agroalimentare in Campania – Iniziativa del Piano Export Sud 2 finanziata con fondi PONIC 2014-2020

ICE-Agenzia organizza, nell'ambito della seconda annualità del Piano Export Sud II, un incoming a Napoli di operatori internazionali del settore agroalimentare, riservato alle aziende di Campania, Calabria, Basilicata, Puglia e Sicilia. L'evento, che si svolgerà a Napoli dal 5 al 6 febbraio, sarà caratterizzato da due giornate di incontri bilaterali prefissati tra le aziende con sede operativa nelle 5 Regioni coinvolte e i 30 buyers internazionali. E' prevista la partecipazione di 4 operatori macedoni.

Teramo, 12-13 marzo 2019

Workshop Settore Agroalimentare in Abruzzo Iniziativa del Piano Export Sud 2 finanziata con fondi PONIC 2014-2020

ICE-Agenzia organizza, nell'ambito della seconda annualità del Piano Export Sud II, un incoming a Teramo di operatori internazionali del settore agroalimentare riservato alle aziende di Molise, Abruzzo e Sardegna, in collaborazione con la Regione Abruzzo e il Centro Estero Abruzzo. All'evento, che si svolgerà a Teramo dal 12 al 13 marzo, è prevista la partecipazione di 25 buyers internazionali, di cui 4 operatori macedoni.

Parma, 8-12 aprile 2019

Cibus Connect – International food exhibition

PARMA.10|11 APRILE/APRIL.2019

Nell'ambito delle attività di "Potenziamento dei grandi eventi fieristici nazionali", l'ICE-Agenzia organizza un incoming di buyers internazionali in occasione della prossima edizione di CIBUS CONNECT 2019, il principale evento fieristico del settore Food Made in Italy. Per l'occasione, sono stati organizzati dei programmi su misura per gli operatori esteri e degli incontri B2B con le aziende italiane espositrici. All'evento, che si terrà dall'8 al 12 aprile, è prevista la partecipazione di tre operatori macedoni..

GARE D'APPALTO INTERNAZIONALI

Sul sito ICE, nella rubrica Business, è disponibile la sezione Gare internazionali. In questa sezione vengono riportate quotidianamente le gare d'appalto più interessanti, tra quelle attive o in programma in Macedonia.

Al servizio di informazione sulle gare internazionali si può arrivare anche con il percorso: Home > servizi > Ricerca gare internazionali. Il servizio fornisce informazioni sulle gare internazionali d'appalto, con sintesi dei bandi e indicazione dei riferimenti utili alla richiesta del capitolato e alla presentazione dell'offerta. Queste informazioni sono disponibili anche sul portale extender.esteri.it, sistema informativo sulle opportunità di business all'estero, realizzato dal Ministero degli Affari Esteri e della Cooperazione Internazionale, ICE-Agenzia, Assocamerestero, Unioncamere e Confindustria. E' possibile sottoscrivere la ricezione automatica, sulla propria casella di posta elettronica, di segnalazioni, filtrate per paese e settore, con la funzione Attivare il servizio per ricevere le notizie via e-mail.

Nella nostra newsletter riportiamo le gare pubblicate nel mese di riferimento e attive al momento dell'invio della newsletter, preavvisi di bandi di gara, nonché programmi e progetti attivi, finanziati dalle maggiori istituzioni finanziarie e dai fondi IPA, nell'ambito dei quali si prevedono procedure di procurement di potenziale interesse per i lettori della newsletter.

- Gare in corso finanziate dal budget nazionale
- Gare in corso per progetti finanziati nell'ambito dei programmi IPA
- Preavvisi di gare per progetti finanziati nell'ambito dei programmi IPA
- Banca Mondiale – progetti attivi in Macedonia
- BERS – gare in corso e informazioni su progetti in Macedonia

Titolo e descrizione	ELEM Solar Project - 10 MW PV plant EBRD is considering providing a loan to Elektrani na Makedonija AD (ELEM) for financing the construction and operation of 10MW Photovoltaic plant adjacent to the existing TPP Oslomej. The plant will be constructed on the exhausted coal mine of the TPP Oslomej and the electricity produced will be directly sold in the nearby grid. The Project is part of the strategy of ELEM to diversify its production mix away from coal and increase the production share from renewable energy sources which will provide clean energy in a country and a region with serious capacity shortages and high levels of carbon intensity. The total estimated cost of the Project is up to EUR 10 Million, and it will require the procurement of the following goods, works and services for: Supply and Installation of the Solar 10 MW PV plant

Description	
Project Description	
The Public Enterprise for State Roads (PESR) of FYR Macedonia intends using the saving from proceeds of a loan from the European Bank for Reconstruction and Development [The Bank] to finance five new elements which will contribute towards an improvement of road safety on the selected sections. The total estimated cost of Euro 1.5 million equivalents will require the procurement of the following contracts: 1. Rehabilitation of the Regional Road R2134 between Sopiste and Govrlevo; 2. Elaborate for speleological investigation of cave Ubavica; 3. Biodiversity assessment of important plant area Bukovich; 4. Environmental and Social Impact Assessment study for construction of new motorway Gostivar -	

- Kicevo, as per EBRD performance requirements;
 5. Variable traffic signs that will be placed on the highway main entrance to Skopje.

Tendering for the abovementioned contracts will start in the first quarter of 2016.
 Contracts to be financed with the proceeds of a loan from the Bank will be subject to Bank's procurement Policies and Rules and will be open to firms from any country. The proceeds of the Bank's loan will not be used for the purpose of any payment to persons or entities, of for any import of goods, if such payment or import is prohibited by a decision of the United Nation Council taken under Chapter VII of the Charter of the United Nations or under a law of official regulation of the Purchaser's country.

Description

Project Description

Public Enterprise for State Roads (Client) intends to use part of the proceeds of a loan from, or Grant administered by, the European Bank for Reconstruction and Development ('the Bank') for the above named project. Additional financing details are as follows:

A loan from the European Bank for Reconstruction and Development (the Bank), from Client's own funds towards the cost of the above named project

The EBRD loan of EUR62m will be used to finance the works contracts for road improvements. Client funding will be used for other ancillary activities.

The proposed project, which has a total estimated cost of 78600000 EUR, will require the procurement of the following:

- The EBRD loan will enable the Company to finance the improvement of a 39km single carriageway section on the A4 national road between Shtip-Radovish in Macedonia FYR. The proposed road improvement works will include reconstruction and widening of the road pavement to provide a single carriageway with two 3.5 m wide traffic lanes and two 2.2m wide hard shoulders. EBRD TC funds will also be used to finance the selection of consultants

Tendering for the above contracts is expected to begin on 29/02/2016.

Contracts to be financed with the proceeds of a loan from/ grant administered by the Bank will be open to firms from any country.

The proceeds of the loan from, or Grant administered by, the Bank will not be used for the purpose of any

payment to persons or entities, of for any import of goods, if such payment or import is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations or under a law or official regulation of the Client's country.

Tendering for this project will be conducted by e-procurement using the EBRD Client E-Procurement Portal (ECEPP). Interested suppliers, contractors and consultants should register on ECEPP in order to receive notifications via this link:

CENTRO DI ASSISTENZA NEI MERCATI DEI BALCANI – Desk Skopje

I DESK BALCANI svolgono attività finalizzate a sostenere il processo di integrazione dei paesi dei Balcani all'interno dell'Unione Europea.

Il desk, attivo presso ICE Skopje, offre alle aziende italiane assistenza e servizi mirati a far conoscere le opportunità di affari e a facilitare l'avvicinamento delle aziende italiane al mercato macedone, nei settori delle infrastrutture e dei trasporti, dell'energia, dell'ambiente e nel settore agricolo.

A titolo esemplificativo, ma non esaustivo, il Desk di Skopje propone i seguenti servizi:

1. Servizio di monitoraggio gare d'appalto secondo i criteri forniti che consiste in:
 - Trasmissione tempestiva delle pubblicazioni di gara,
 - Invio dei documenti di gara per una consultazione preliminare (altrimenti scaricabili solo previo abbonamento al sistema elettronico di appalti pubblici),
 - Richiesta di informazioni aggiuntive e delucidazione dagli enti appaltanti.
2. Assistenza per partecipazione a gare d'appalto, che consiste tra l'altro in:
 - Assistenza per l'iscrizione al sistema degli appalti pubblici,
 - Traduzione della documentazione completa (traduttori esterni),
 - Ricerche mirate per individuare potenziali partner (consulenti e/o partner commerciali e subcontractors),
 - Follow-up dopo la presentazione dell'offerta,
 - Organizzazione di incontri con rappresentanti di ministeri, agenzie, associazioni di categoria.
3. Servizio di ricerca partner commerciali in loco;
4. Ricerche di mercato e altri servizi.
