UN GRANT DELL'UK PER LA NUOVA STRATEGIA ENERGETICA DELLA MACEDONIA

Un contributo a fondo perduto di circa 880.000 euro, destinato all'elaborazione della nuova strategia energetica della Macedonia, è stato stanziato da parte del Regno Unito. La strategia, a cura di Price Waterhouse Cooper, sarà realizzata in collaborazione con MANU, l'Accademia macedone delle scienze e delle arti. In occasione della visita in Macedonia del Ministro britannico per gli affari europei, il 18 settembre, è stato firmato un Memorandum d'intesa che conferma l'impegno del Regno Unito a fornire l'assistenza. La strategia energetica sarà pronta entro la fine del 2019 e definirà i piani di sviluppo del settore energetico in Macedonia per i prossimi 30 anni. La nuova strategia includerà in modo più impegnativo, rispetto al passato, anche gli aspetti ambientali e sarà creata in collaborazione con il settore non governativo. La proposta elaborata sarà infine sottoposta ad un dibattito pubblico, per permettere ad esperti e stakeholder di esprimere osservazioni e suggerimenti.
