CONFINDUSTRIA MARMOMACCHINE
ASSOCIAZIONE ITALIANA MARMOMACCHINE

The Italian MARMOMACCHINE Association - briefly, **CONFINDUSTRIA MARMOMACCHINE** - is the Italian Association of Producers and Processors of Marbles, Granites and Natural Stones in general, and of Manufacturers of Machinery, Complete Plants, Tools and Complementary Products to quarry and processing Natural Stones.

The more than 320 companies and territorial consortia belonging to CONFINDUSTRIA MARMOMACCHINE, located in all the major Italian production districts, guarantee the association broad representation, in Italy and worldwide, as well as a role as sole sector interlocutor with ministries, ITA-Italian Trade Agency, Confindustria, standardization boards like UNI and CEN, labor unions, universities and polytechnics, Italian and foreign federations and associations, Tradefairs in Italy and around the world.

The association has always engaged in intense technical job training in Italy and abroad, organizing, managing and creating highly specialized educational programs and technological centers in various parts of the world, with the involvement of local governments, institutions and associations.

www.basaltina.com

Basaltina Srl is the exclusive quarry owner and worldwide supplier of Basaltina® natural stone. Founded in 1925, the Company achieved the milestone of 100 years of activity, confirming its relevance in the natural stone industry. One century of innovation and passion proudly celebrated. The Company extracts and selects the unique lava stone used since Roman times, in the quarries of Bagnoregio in the hearth of Italy. The stone is appreciated for the colour, the minimal look and its versatility that makes it simple and elegant. Internationally renowned architects and designers as Norman Foster, Renzo Piano and Marcio Kogan sign their projects using the brand Basaltina®.

Basaltina® is sold in slabs and cut to size/tiles with different sizes and finishes. It is perfect both for interior and exterior applications.

Battocchio**KEYBOARDS FOR YOUR FINGERS**

With more than 50 years' experience in the membrane keyboards sector, today Battocchio designs and produces membrane and touch keyboards, on any type of mount on a global scale. Touch sensor that we produce can be hidden behind every type of Marble and Stone, using all the movements like sliding, scrolling, rotor or zoom.

As a result we obtain a very high technology human machine interface that keeps the original and natural aspect of the material used to be touch.

These products can be fully integrated with interior space: bathroom or kitchen.

Using Capacitive Transparent Keyboards it's possible to transform in active and in backlight every non conductive surface!

🌐 www.yellow-stone.it

👤 **Silvia Nardini**, Area Manager

✉ silvia@yellow-stone.it

Since the late 70s, we have sought the most beautiful and exclusive stones, traveling to five continents. By the mid-80s, Yellow Stone became the largest importer of Sri Lankan blocks, including Colonial Dream, White Andromeda, and Green Lanka.

In the new century, we expanded to marble production, offering Italian materials like Bianco Carrara, Statuario, Arabescato, Calacatta and Travertine.

In 2011, we became the Italian distributor for Slate Lite, a 3 mm thin stone, with a widespread sales network and collaborations with architects and designers. Today we are dedicated to the management of projects of the highest range, providing a full service, to the supply of the stone, from the choice in the quarry, transport, processing, drawings, up to the installation.
